

Connecting to WLU-WiFi for iPad/iPhone

Users can follow the steps below to set up wireless on an iPad or iPhone.

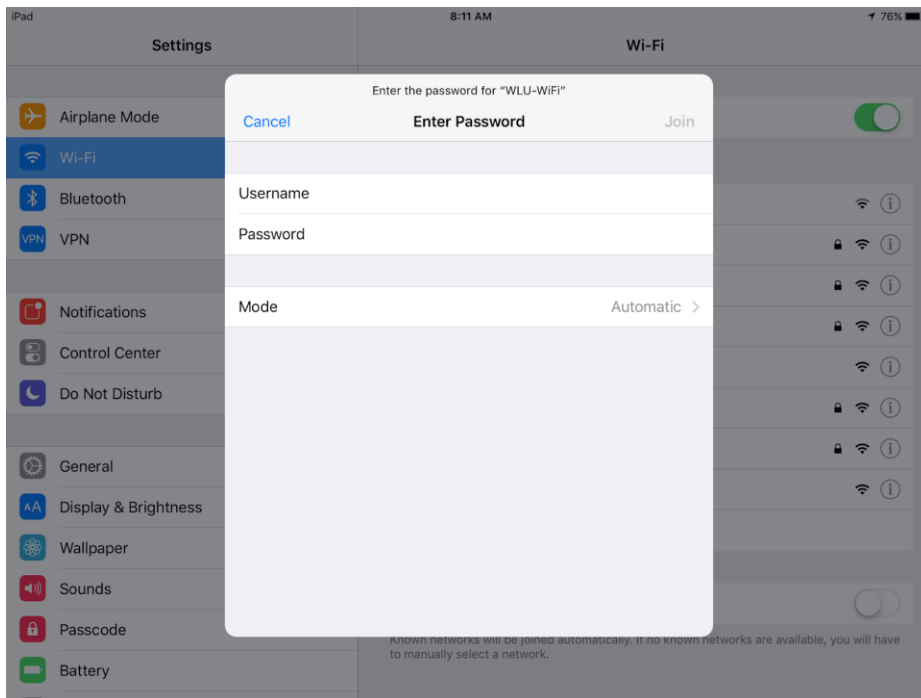

1. On our phone, open up your Settings App.

2. In Settings, choose Wi-Fi and then on the right side, select WLU-WiFi to connect to the WLU wireless network.

3. Enter your username and password

4. You may get a screen asking to trust the wlucppm certificate. Click Trust in the top right hand corner. You will then be connected to WLU-WiFi
