Connecting to WLU-WiFi for Chromebook

Follow the steps below to set up wireless on a Chromebook.

Move the mouse to the upper-right corner of the screen and select the gear icon labeled Settings.

1. Click the network icon in the lower right corner of your screen.

2. Select your network status from the menu that appears.

3. Make sure Wi-Fi usage is enabled, which will allow your Chromebook to detect nearby networks.

4. Select WLU-WiFi

5. For EAP Method, choose PEAP.

6. For Phase 2 Authentication, choose MSCHAPV2.

7. For CA Certificate, choose Do Not Check.

8. Enter your username

9. Enter your password

10. Select Connect.

If you have followed all the above steps and are still having trouble, please contact our Help Desk at 304-336-8886, helpdesk@westliberty.edu, or in person at Main Hall, B39.
