Connecting to WLU-WiFi for iPad/iPhone

Users can follow the steps below to set up wireless on an iPad or iPhone.

1. On our phone, open up your Settings App.

2. In Settings, choose Wi-Fi and then on the right side, select WLU-WiFi to connect to the WLU wireless network.

Set	tings	Wi-Fi		
	\bigcirc	Wi-Fi		
WI-FI	Not Connected	CHOOSE A NETWORK		
Bluetooth	On	ITS	? (j)	
VPN VPN	\bigcirc	ITS-Secure	∎ ? (j)	
		ITS-Secure-5	₽ ? ()	
Notifications		WebexShare033	₽ 奈 (Ì)	
Control Center		WLU-Guest	? (j)	
C Do Not Disturb		WLU-WiFi	₽ ? (j)	
General		XFINITY	₽ ? (j)	
		xfinitywifi	? (j)	
AA Display & Brightr	ness	Other		
Wallpaper				
Sounds		Ask to Join Networks	\bigcirc	
B Passcode		Known networks will be joined automatically. If no known networks are available, you will have		
Battery		to manually select a network.		

3. Enter your username and password
