

WEST LIBERTY UNIVERSITY

Dear Graduate

You are receiving this message because you have been identified as a student that may be eligible to graduate at the end of the Spring 2020 semester. Before completing this [short survey](#), please take time to review the information below:

- If you have not already, please read the information [HERE](#) on the traditional commencement ceremony being replaced by a virtual one. Within this, you will find important instruction about how to confirm that your address on file is correct, including completing this [FORM](#) if you need to update your address. This is integral to your regalia (cap, gown, etc.) as well as your diploma being sent to the appropriate location.
- **Financial Aid** - It is important that you set up a repayment plan for your student loans. If you think you might have a problem making a scheduled payment on your student loans, you should contact your loan servicer immediately. The loan servicer will work with you to help avoid the adverse consequences of delinquency or default. If you don't know who your loan servicer is? Check out www.nslds.ed.gov/. Here is additional information.
 - If you have a Perkins loan, complete the exit interview online at www.esci.net
 - If you have a Direct Loan, complete the exit interview online at www.studentloans.gov.
- We had intended to have local employers present at the Graduation Fair. For those employers that were hoping to share job opportunities, this information will be posted on the Learning & Student Development Center's Instagram account (wlu_lsdc).
- If you had been residing in campus housing and will not be after this semester, please complete the Housing Cancellation Form [HERE](#).
- Please continue to stay updated with additional information regarding the Virtual Commencement Ceremony to take place on Saturday, May 9. A link will be sent to students to be able to access this ceremony through Topper Station when the time is scheduled.

This [short survey](#) (should about five minutes to complete) is sent to assist in collecting valuable information about your experience as a West Liberty University student. While this semester did not transpire as any of us anticipated, we hope you will take time to complete this [survey](#).

Thank you for your participation!
