During the Commencement Program, each student will receive a certificate of participation. **Diplomas will be mailed 8 to 12 weeks after graduation.**

Please verify the accuracy of your permanent address in WINS under “personal information”. If your address is not correct, submit the data change form online under the Registrar’s page, under forms.

At the time you line up in the ASRC, you will receive an index card with your name on it. During the program, as you approach the stage, this card must be given to the person announcing the names. You will then proceed to the stage and receive your certificate of participation from Provost Monteroso. You will then proceed across the stage and get your picture taken with President Borchers.

During the Commencement exercise, the University will permit a professional photographer from Grad Images to take a photograph of each graduate with President Borchers after he or she receives their participation certificate. A second photograph will be taken after each student exits the stage. The photographer’s studio will provide online proofs to the graduate for the purpose of taking a sales order. The University derives no monetary benefit from this service. We allow it as a possible benefit to the families who are unable to obtain satisfactory photographs of the graduates. Please see the information below from Grad Images.
