The philosophy of West Liberty University Athletics embraces the concepts of the "student-athlete" being a "student" first as well as the principles of gender equity and requirements of Title IX. The physical and mental welfare of the student-athlete is of the highest importance. Fair play and sportsmanship are emphasized along with strict compliance with the rules and regulations of the MEC and the NCAA.

The Equity in Athletics Disclosure Act, approved by Congress in 1994, requires that all co-educational institutions of higher education provide annual information pertaining to its athletics program, specifically operating expenses and persistence rates certified by the NCAA. These are updated annually and are available for inspection in the Athletics Department office located in the Academic, Sports, and Recreation Complex.

Services Available to Student-Athletes

- Athletic training clinics and athletic injury assessment, referral, rehabilitation programs and counseling on sports medicine issues - Athletic training clinic level 2 of the ASRC

What is a Behavioral Intervention Team? The Behavioral Intervention Team is a group of campus professionals who assess and manage those referred for behaviors of concern such as potential violence, safety, or mental health issues. A core function of the BIT is threat assessment and early intervention, with the goal of prevention. The BIT offers a structured method for appropriately dealing with problem student behaviors impacting the West Liberty University (WLU) community.

Reasons for a Behavior Intervention Referral

- Violent writings, texts, drawings, or other forms of expression reflecting violent fantasy or direct threat, possession of a weapon on campus, vandalism, aggression, and intimidating gestures.
- Self-injurious behavior or suicidal thoughts or attempts.

The following student services are subdivisions of the Business Office.

Student Billing

The Business Office is responsible for the electronic billing of all charges assessed to each student account. E-Bills will be sent to the student's West Liberty University email account. Payment in full is due 10 days before the first day of class for the fall and spring semester. Payment in full is due prior to the first day of class for each summer term. A late fee will be assessed to accounts if payments or prior arrangements have not been made before the first day of class. Financial obligations that have not been met will result in a hold being placed on the student's account. Holds prohibit the release of grades and transcripts in addition to registering for additional classes. Students with an outstanding balance past the due date will be contacted twice by email and once by phone. All email correspondence is through the student's WLU email account, so please check this often. If no action is taken to rectify the balance, the student may have their registration and/or housing cancelled. Web payments can be made via your WINS account or the Business Office webpage. You may either choose to pay by an electronic check and/or credit/debit card payment. A small Service Fee will be charged to all credit/debit card payments. Payments may also be made in the Business Office or mailed to West Liberty University College Union Box #109, 208 University Drive, West Liberty, WV 26074. Please refer to the Business Office webpage for information on payment plan options.

Financial Aid Disbursements

The Financial Aid Office distributes the awarded amount of financial aid and/or loans to each student account. All residual monies are then refunded by the Business Office to the student through our partner United Bank. Please refer to www.westliberty.edu/business-office/ for additional information on refunds.

Student Payroll

Federal work study (which is a form of Financial Aid) and Personal Services are the two types of employment offered to student employees. Students must contact the Student Employment Coordinator to see if they are eligible for federal work study funds.

To find employment opportunities for both federal work study and personal services, students should review job postings on West Liberty University Job Opportunities at westliberty.edu/studentjobs. Once the student has been selected by the department, the student will be contacted by the Student Employment Coordinator to complete the required paperwork and tasks before the student employee can begin working.

In order for a student employee to be paid, they must enter their time in the Kronos timekeeping system as instructed by their supervisor. The student employee will receive their paychecks through direct deposit or a WV Pay Card on pay days two weeks after the end of the pay period in which they started working. Direct deposit and WV Pay Card forms are completed as part of the hiring packet with the Student Employment Coordinator.

The College Union Office houses the University mailroom, where employees and residential students pick up their mail. We receive daily deliveries from USPS, UPS, and FedEx; we then sort mail into corresponding employee or student boxes. You can also drop off your outgoing mail here, with the correct postage already placed on the item, to be delivered.

A Topper Card, which is your University-issued student I.D., is your all-around access card. It is your identification card that will get you into your residence hall, classrooms that have swipe access, your meal card for both the Marketplace Cafeteria and the restaurants in the College Union. It can also be used like a pre-paid card: when you put Topper Dollars on your Topper Card, it can then be used in the Bookstore, at Subway, and the vending and laundry machines.

E-mail: finaid@westliberty.edu

www.westliberty.edu/financial-aid

The Financial Aid Office processes all federal, state, and institutional financial aid for enrolled students. All students receiving financial aid (grants, loans, work-study, or scholarships) will have access to their awards through their WINS accounts.

Campus-based financial aid (SEOG, Work-study) is processed based on the Expected Family Contribution (EFC), lowest EFCs first.

The Financial Aid Office also coordinates the Student Employment program and Federal Workforce Investment Act Program.

Your Financial Aid Cost Category

Your costs (budget) allowed by the U.S. Department of Education for need-based Title IV includes tuition & fees, room & board allowance, personal expenses, transportation expenses, books & supplies, and computer allowance.

Need Based Aid

- Grants are gift aid and do not have to be repaid
- Work-study awards indicate the amount of money the student may expect to earn \$8.75 per hour. Checks are issued biweekly by the Payroll Office, and students are encouraged to work no more than 20 hours per week, dependent on their work-study allotment.

Aid Awarding Priorities

Limited amounts of SEOG and Work-Study funds are available at the university each year. Financial need is evaluated each year by means of the data on the FAFSA. For the above funds, the University begins awarding to the neediest students first (lowest EFCs). Priority for SEOGs must go to Pell recipients.

Federal Direct Stafford Loans

Direct Stafford Loans and PLUS (parents and graduate student) Loans are available to students in specific amounts according to cost, need, and the student’s year in university. When the student requests and is awarded a Direct Stafford Loan and/or PLUS Loan, promissory notes are required to be completed. These loans require at least half-time enrollment and are subject to the conditions listed below under “Aid Adjustments and Refunds.” Entrance and Exit Counseling are also required for Direct Stafford Loans.

State Grants

The University cannot place West Virginia and Pennsylvania State Grants on the award letter prior to the receipt of official notifications from the grant offices in Charleston or Harrisburg. Subsequent adjustments of federal need-based awards may have to be made if the University has not anticipated the receipt of a State Grant. These grants also have academic requirements for renewal.

Aid Disbursement

All awards other than Work-Study will be credited to your account. Any remaining funds will be disbursed to you in the refund process through the Business Office.

Aid Adjustments and Refunds

Changes in marital status, hours of enrollment, and housing status, must be communicated to the Financial Aid Office as soon as they occur. Refund policies for tuition, fees, and housing status are stated in the University Catalog. Students on financial aid will be required to refund an appropriate amount to the aid funds according to the regulations governing the individual programs.

Standards of Satisfactory Academic Progress (SAP)

Federal Regulations require that students must be making measurable academic progress towards completion of an eligible degree or certification. This requires evaluation of both quantitative and qualitative academic progress as well as completion of degree objective within 150% of the normal timeframe. The policies described in this section pertain only to the awarding of financial aid.

Students failing to meet the University's satisfactory academic progress requirements will be ineligible for Federal Financial Aid which includes Federal Pell Grant, Federal Stafford Loans, Federal PLUS Loans, and Educational Opportunity Grant. A student will remain ineligible until such time the student meets the SAP requirements or has an appeal granted. *Important: The WV Higher Education Grant, WV PROMISE Scholarship, the Pennsylvania Higher Education Assistance Agency Grant (PHEAA), and WLU Academic Scholarships each have a distinct set of academic renewal requirements. WLU will make these awards in accordance with the respective agencies' requirements.*

All periods of enrollment will be included in the measurement of satisfactory academic progress including terms in which the student enrolled but did not receive financial aid. Progress will be measured once per academic year at the end of the spring term. A student who is deemed ineligible and does not successfully appeal may have his/her SAP status reviewed on individual basis at the end of any payment period. This request must be made to the WLU Financial Aid Office in writing.

Qualitative Standards:

Students must meet a qualitative standard of academic progress measured through grade point average. Students earning 0 to 29 credit hours must have a minimum GPA of 1.6. Students earning between 30 and 59 credit hours must have a minimum GPA of 1.8. After earning 60 hours or more, a minimum GPA of 2.0 is required.

Quantitative Standard:

Students must meet a quantitative standard of academic progress measured by a percentage completion rate. Students must successfully complete 70% of all attempted credit hours. The calculation is made as follows: earned credit hours/attempted credit hours = completion rate. Courses with grades of "W", "WP", "I", "F", "FI", "N" and courses taken under the WLU class repeat regulations are included in attempted credit hours but are not included in earned credit hours. Transfer work included on the student's academic transcript is also included.

Maximum Time Frame for Degree Completion:

Students must obtain their degree objective within 150% of the normal timeframe. Undergraduate students in programs requiring 128 credit hours must complete their first baccalaureate degree within 192 attempted credit hours. Undergraduate students needing 120 hours to graduate, must complete requirements within 180 attempted credit hours. Graduate students in programs requiring 36 credit hours must complete their master's degree program within 54 attempted credit hours.

Students pursuing second degrees may be considered for financial aid. A second undergraduate degree must be obtained within 60 attempted credit hours. A second master's degree must be completed within an additional 36 credit hours.

Federal Financial Aid shall be limited to two baccalaureate degrees and two master's degrees. Students wishing to pursue additional degrees beyond these may do so but without federal financial assistance.

Appeal Process:

Under certain extenuating circumstances a student may appeal the satisfactory academic progress requirements. These circumstances include personal injury or illness during a period of enrollment; death of an immediate family member or legal guardian during a period of enrollment; or other unexpected, documented circumstances beyond the control of the student.

Appeals must be submitted to the WLU Financial Aid Office and must include supporting documentation of a student's extenuating circumstances. The deadline to submit an appeal will be documented in the student's notification of failure to meet SAP requirements. Appeals submitted after the published deadline will not be considered.

Financial Aid Probation:

Probation status for financial aid purposes will be assigned to a student who has failed to meet SAP requirements and who has had their SAP appeal granted. A student on financial aid probation may receive financial aid for one enrollment period. At the end of the probation period the student must meet SAP standards, failure to do so will result in the student being ineligible for federal aid.

Loan Repayment

Repayment schedules for Direct Loans are available by contacting your loan service provider. Repayment schedules for Perkins Loans are available in the Business Office, as well as the materials distributed in the entrance and exit counseling. Business Office 8am - 4pm, Monday through Friday.

Housing:

Housing Application and Deposit

Each student is required to submit a Housing Application along with the \$100.00 room deposit to the Housing & Residence Life Office. Both the application and deposit are required for all students prior to their move into any residence hall. The application and deposit may be submitted through mail, at the office, or online at www.westliberty.edu/residence-life/application.

When applicable, the date in which the housing application is submitted to the Housing & Residence Life Office may be a deciding factor when trying to meet the student's requested preferences for residence hall and roommate choice. The earlier the residence hall application is submitted the greater the chances are increased of having the requested preferences met. However, this does not imply or guarantee that a specific room assignment will be made. All preferences desired by the student are to be indicated on the Housing Application.

In addition, the required \$100.00 room deposit is a damage deposit in addition to the room and board charge. Applications received without the \$100.00 room deposit will not be processed until the deposit is received. The room deposit is refunded if a student completes and submits the Room Cancellation and Deposit Refund Request Form for their room before the cancellation deadline: July 15th for fall semester cancellations and December 15th for spring semester cancellations. This request can be completed in the office or online at www.westliberty.edu/residence-life/cancel.

A student must be registered for at least 12 credit hours to be eligible to live in the residence halls, unless special circumstances exist, pending approval of the Executive Director of Housing & Student Life. Students are not permitted to continue their room and board without being officially registered for classes with the Registrar's Office. If a student is taking classes less than 12 hours, they may be permitted to continue to reside on campus based on space availability and barring any discipline concerns.

At the beginning of each semester, the Area Coordinator for Residential Enrollment will notify each Hall Director of students assigned to their residence halls not registered for classes. The Hall Director will then contact each student. Any student who is unable to register for classes at that time will be asked to leave the residence hall.

Room Assignments

The Area Coordinator for Residential Enrollment assigns rooms to incoming freshmen, transfer students, and upperclassmen not currently living on campus. Students wishing to be roommates should make sure that both roommates request each other to be placed together. If you wish to change a preference after submitting your application, you can do so by emailing residence-life@westliberty.edu or calling the office at (304)336-8345.

Transfer students and upperclassmen not currently living on campus are assigned in accordance with the student's preferences for residence hall and roommate choice and the space available to accommodate such requests. Assignment is made in the order of the date in which the Housing Application and deposit are submitted.

For upperclassmen currently living in the residence halls, the Area Coordinator for Residential Enrollment coordinates the room selection process, which is held during specified times in the spring term. During this designated time, upperclassmen are given first choice of residence hall room selection. The University reserves the right to change halls and rooms if deemed necessary. During this process only graduate students, seniors, and those with ADA accommodation requirements are permitted to sign up for a private

room. Private rooms are only guaranteed for those with documented and approved ADA accommodation requirements. Graduate students and seniors may need to be consolidated or assigned roommates based on needs of the University.

When making a room reservation, the upperclassman reserves a space in that room for himself or herself and may request a specific roommate. The requested roommate should complete their room selection as quickly as possible. Any remaining space in a room in which the requested roommate has not completed paperwork by the close of the room selection process, may be assigned to another student as needed based on space. Students cannot reserve space for requested suitemates. All students are advised to reserve spaces at the same time if they request a specific suitemate. Also, an upperclassman's room reservation may not be honored if the student is not pre-registered or has a hold placed on his or her records. The Area Coordinator for Residential Enrollment will notify the student in writing over the summer if his or her room reservation cannot be honored or must be changed.

When Assigning a Room, the Housing & Residence Life Office agrees:

- To consider all preferences indicated on the Housing Application. Assignments will be made based on the space available to honor requested preferences and the date in which the residence hall application was submitted.
- To make all room assignments in a fair and consistent manner to all students. Also, room assignments will be made without discrimination based on race, creed, religion, or national origin and to avoid changes of original assignment for any of the above reasons.
- To not alter a student's room assignment in that academic year except for disciplinary reasons, catastrophe, closing of facility, unavailability of space, consolidation of vacancies, or unpaid room and board charges.
- To provide each student the following room furnishings: one single bed, one mattress, one desk and chair, clothing storage space, basic extended cable, and internet connection.
- To provide each student with a reasonable amount of heat, water, electricity, and waste disposal. In situations where there is weather or maintenance related emergency that affects heat, water, electricity and waste disposal, the Housing & Residence Life Office will work with the proper entities to resolve the issue and to keep students informed of the problem and progress as appropriate.

When Assigned a Room the Student Agrees:

- To check-in at the assigned residence hall and to accept the space assigned by the Housing & Residence Life Office.
- To observe hall/room change procedures established by the University and to have prior approval from the Area Coordinator for Residential Enrollment before making a room change.
- To observe and abide by the established policies and procedures and behavior and conduct regulations for living in the residence hall as stated here in the West Liberty University Student Handbook, as well as those established and posted in his or her own residence hall. Students who are removed from the residence halls because of judicial sanction will not receive any refund of room and board fees for the semester.
- To be directly responsible for keeping his or her assigned room clean and free of damages.
- To use public areas, bathrooms, corridors, equipment, and furnishings in a careful and proper manner.
- To pay all room and board and related fees according to his or her invoice on the date due at the beginning of each semester.
- To pay all charges incurred by and billed to the student for the extra cost of a private room and any residence hall damages not indicated on the room condition form by the date due.
- To work through the consolidation process with the Area Coordinator of Residential Enrollment should the student's roommate cancel their room, fail to move in at the start of the semester or move out after the start of the semester. If the student does not work through the consolidation process, they will be charged the appropriate private room fee, which will be pro-rated if the need for consolidation occurs after the start of the semester.
- To read and sign the Housing Contract. This contract is binding for one full academic year and is signed at the time the student moves into the residence hall.

In addition to room assignments, the Housing & Residence Life Office is also responsible for the following:

- Maintaining an accurate record of any room and hall changes made by the student.
- Calculating the pro-rated room and board refund when the student terminates his or her room and board contract by withdrawing from the University.
- Calculating private room charges and notifying students of the amount due.

- Notifying students of residence hall damage charges.
- Placing holds on students' records for unpaid residence hall damages.
- Facilitating the room consolidation process to assist students in finding roommates after the start of each semester.

Residence Life:

West Liberty University adheres to the philosophy that residence halls provide an educational experience, as well as a social experience. Choosing to live in a residence hall will provide students with a wonderful opportunity to develop lasting friendships and a network of contacts for future use on both a personal and professional level. It can also assist students in developing stronger interpersonal skills by providing an environment in which understanding, sympathizing, and compromising with other students can be learned.

The residence hall is a community in which students are the main ingredient. We believe a residence hall is more than a place to relax between classes or sleep. Our residence hall communities are designed to be active centers of Residence Life. The Residence Life staff encourages you to maintain an open-minded approach to the challenges and opportunities presented daily by residential communities to grow in citizenship and leadership. To make a community function, it is very important to ensure that the rights of individuals are respected. We urge each resident to act responsibly toward the rest of the community as well as to himself or herself. It is important that each person's actions contribute to the development of a strong, balanced community within the residence halls.

The Goal of the Residence Life Department is to provide each student with comfortable housing in a positive atmosphere, which will enable the student to have an enjoyable and full university experience. Resident Assistants, Hall Directors, Graduate Assistants, and Area Coordinators live in each residence hall and provide leadership, programming, peer counseling, and act as an information for the University.

Residence Life Staff:

- *Professional Staff* includes the Executive Director of Housing & Student Life, and three Area Coordinators (ACs). ACs are responsible for a group of residential facilities as well as specific duties related to the central office. The ACs live in the residence halls, have earned at least an undergraduate degree, and are specially trained in counseling, communications, problem solving, First Aid/CPR, fire safety, and other areas important to facilitating life in a residence hall.
- *Hall Directors* are responsible for the daily management of residence halls that do not house Area Coordinators, and report to a specific Area Coordinator. These student staff are typically juniors or seniors and have prior experience as Student Life staff.
- *Graduate Assistants (GAs)* are graduate students with experience in Housing & Residence Life. These GAs assist with various responsibilities in the department, including recruitment through social media, campus activities, wellness center and intramurals. GAs are responsible for assisting in the office duties and participate in the central staff duty rotation for the entire campus.
- *Resident Assistants (RAs)* are upper-class students who live on each floor and assist students with a variety of needs. The RAs are skilled paraprofessionals who have been trained in many areas to make the student's experience in the residence hall healthy, safe, fun, educational and memorable.

Residence Life Training, Philosophy and Programming

Other than training for specific job requirements (First Aid/CPR, conflict resolution, fire safety, peer counseling, etc.) your Residence Life staff participates in training to enhance their communication and helping skills. The Student Life staff's primary function is to act as a resource of information and to aid residents with questions or in times of crisis. If you are having difficulties in any area, your RA, Hall Director, AC, Campus Activities Coordinator, or the Executive Director are available to help you find the solution or to find the person who can most help you with the problem.

The RA Selection process is approximately a month-long process of interviews, group discussions, and information sessions to aid us in finding staff members who will meet the goals of the department. If you have interest in becoming a member of the Residence Life staff, we encourage you to ask questions and discuss your interest with any member of the current staff or by emailing residencelife@westliberty.edu.

Staff Duty Hours

Residence Life staff, including one professional staff member (AC or the Director) who covers the entire campus and one or more RAs working in each building, are on active duty outside of regular office hours (Friday at 4pm until Monday at 8am and through

the week 4pm each evening until 8am the following morning). The RA is required to complete duty hours at the main desk of their building from 7:00pm until 12:00 midnight daily. Residence Life staff are required to complete duty rounds of their respective areas, maintain building safety, answer questions, and respond to crisis, emergencies, or problems. All on-duty Residence Life staff members are in direct communication with other members of the Residence Life staff, WLU Police, and other entities as needed.

Fitness Facilities: Krise Fit and Wellness Center

The Wellness Center and Krise Fitness Center are directly managed by the Office of Housing & Residence Life. The Wellness Center is open to be used by all faculty, staff, and students, as well as members of the community and guests. Students and employees are required to turn in their West Liberty University Topper Card in order to gain admittance. Non-campus guests can apply for a guest pass through the online at www.westliberty.edu/student-life/wcguest. Guest passes take 3-5 business days to process and are mailed to the home address on the form.

In addition to submitting your Topper Card or guest pass, there are several safety features in place for the Wellness Center and its patrons. There are also cameras and door access controls to keep the Wellness Center and its guest safe and to keep the facility well-maintained. The Wellness Center currently has several cardiorespiratory machines, including treadmills, stair climb machines, elliptical machines, and stationary bikes. The facility also has several weight machines and free weights, including dumb bells, kettle bells, and weight plates for barbells.

Krise Fitness Center is a smaller unit located in a non-residential area of Krise Hall basement. The facility allows card access for students and employees only. The facility is monitored by a combination of cameras, housing, and residence life staff and WLU Police during its hours of operation. Krise Fit houses several cardio machines, core training equipment and light weights.

West Liberty University provides campus-wide wireless internet connections to all students, faculty, and staff. The WLU wireless network (WLU-Wi-Fi) is available in all academic and administrative buildings on the main campus and at the Highlands Center. It is password protected, encrypted and secure. The WLU-Wi-Fi network is reserved for WLU students, faculty and staff and requires a login with your provided University network credentials. WLU also provides a guest network (WLU-Guest) that is available for visitors. WLU-Guest is available for the convenience of visitors with no required password. WLU-Guest is an open, unprotected network that should not be used for university business or classwork.

All residence halls have Comcast high-speed wireless Internet and TV. Comcast is responsible for providing residents with support for these residence hall services. Comcast can be reached at (855) 638-2855 for customer service and support.

Technology is integrated into both the academic and daily experiences at West Liberty University. The University's website, e-mail, Twitter, Facebook, blogs, and campus-wide notification tools keep the student informed and connected 24/7. The campus utilizes a mass notification system (Rave Alert) to keep students informed in case of an emergency or weather-related event.

Each student at WLU receives a G-Suite account that will continue through your years at West Liberty. The G-Suite consists of email, calendar, G Drive (with unlimited storage), Google Docs, and the Google Sites tool. Email integrates seamlessly with mobile devices such as smart phones or tablets. Student email accounts will be available to the student for the duration of your WLU tenure if you are enrolled in classes.

Students will need to engage with the WLU Single Sign On (SSO) application to access multiple applications and portals required for academic and student life. Registration for WLU SSO can be found at <https://westliberty.edu/go-wlu/>.

ITS also provides students with hardware and software support. The Help Desk will assist students with hardware and software diagnostics and repair at no cost. If a repair requires part(s), students are responsible only for the cost of the part(s).

Students can request the Microsoft Office 365 Suite at the Help Desk at no additional charge. Students are also provided to a Zoom conferencing license for use in hybrid class instruction, also at no additional charge.

Computers for general use are available in the Elbin Library Information Commons. Several special purpose departmental computer labs are maintained by ITS at both the main campus and the Highlands Center.

The University uses Sakai, an ADA compliant program, as its learning management system. Each student has an account to access Sakai. Instructors of face-to-face, hybrid, and online courses use Sakai to post class materials, communicate with students, and facilitate effective student learning. Students or faculty seeking assistance with Sakai may contact Office of E-Learning in the east wing of Main Hall, room 172.

The Office of E-Learning provides faculty and student support for instructional technologies and online learning. The area includes computer access, assistance with Sakai, professional development sessions, and opportunities to explore instructional methods. Student Government Association

Location: College Union, 2nd floor

Telephone: (304)336-8027

E-mail: sga@westliberty.edu

The Student Government Association (SGA) serves as the voice for the West Liberty University student body. SGA represents the students in the decision-making process with the University administration. SGA serves as the communication channel between the administration and faculty to the students. SGA offers students leadership roles that complement the lessons learned in class. Best of

all, SGA plays a major role in planning the events to celebrate Homecoming, a tradition that is the biggest event held on campus each year.

Each person involved with SGA has an important role and influences the success of the University. SGA is composed of 16 Senators-at-Large, the Executive Branch, (President, Vice-President, Treasurer, and Secretary), and a faculty advisor. The Vice President of Student Services and/or his/her designee serves as a permanent advisor. Along with the 16 senators that serve the campus as a whole, a variety of representatives serve as specific liaisons to different organizations and residential areas around campus. These representatives include four Housing Representatives (two male and two female), two Commuter Representatives (male and female), one Greek Council representative, one Athletics representative, one Veterans Representative, one Graduate Representative, and one non-voting International Representative. Once all of the respective senators and representatives have been voted or appointed onto Student Government for the academic year, members are then arranged into various committees that either deal with internal affairs within Student Government, or communicate with external committees outside of SGA, including Sodexo Food Services. The members also play an important role in communicating with all clubs seeking financial assistance for various events either on or off campus. The Student Government President is a member of the West Liberty University Institutional Board of Governors, so he or she will communicate student opinions and/or concerns to the University's most important officials. The Vice President is on the Student Advisory Committee of the University system, so he or she will mostly deal directly with student involvement and student organization throughout the year. Elections are held for officers and most senate positions at the end of the spring semester. Housing and commuter Senate positions are elected early in the fall semester.

Meetings are held every Tuesday night at 9:00 PM during the regular academic year. Typically, meetings are held in the Alumni Wall of Honor room in the College Union. At each meeting there is constituent time where any student can speak to the Senate and SGA officers. Should the location of any Student Government meeting change, all students will be notified as soon as possible with a substitute location and a time.

Each year SGA is involved in the following activities and events:

- Holding SGA elections
- Making appointments of students to various University committees and boards
- Coordinating many of the Homecoming events
- Coordinating a spring social event
- Hosting a leadership retreat for SGA members
- Assisting clubs and organizations with their events

West Liberty University adheres to the philosophy that co-curricular involvement and student engagement through activities, clubs, and organizations are a valuable supplement to classroom learning and the University experience. The Student Life Office coordinates clubs and organizations, Greek Life, Campus Activities, and Intramurals. The Student Life staff work closely with other departments and organizations, such as Student Government Association, Greek organizations, and various other clubs to provide programming and activities for the campus. The diverse range of activities is intended to have something for everyone.

Student Life

Being a college student is about finding opportunities to learn about oneself whether in or out of the classroom. The Office of Student Life works to provide co-curricular activities for those who want to be involved at West Liberty. Whether it is a student organization, Student Government Association, leadership programs, Campus Activities programs, or Greek Life, there is something for each student who wants to get involved. West Liberty has more than 50 clubs and organizations. All of these programs and more are open to all Undergraduate and Graduate Students.

Campus Activities further seeks to provide leadership, involvement, and engagement opportunities for students in the planning, proposal, promotion, and presentation of a variety of activities. These activities are designated to serve the cultural, educational, and social interests of the WLU community. Campus Activities and the Student Government Association traditionally sponsor, plan, promote, and present several major events yearly. Some of these include TopperFest, West Lib Idol, Open Mic Nights, and Team Trivia. Involvement in campus activities can provide students a foundation for success, a passion for learning, and a commitment to responsible global citizenship while fostering creativity and service. Information is available throughout the semester through the Office of Student Life.

In addition to programs and organizations, the Office of Student Life also monitors additional supportive services for all students. Those include a lactation lounge, veterans lounge, student food pantry & more. For more, information about those spaces, please follow the link: <https://westliberty.edu/student-life/services/>

Greek organizations benefit the campus community by providing support systems, promoting philanthropic activities, and developing healthy social experiences. Greek Week is held in the Spring Semester and involves a week-long celebration of friendly competition between sororities and fraternities. Formal Recruitment for Greek Life takes place in the fall semester. Greek Council governs all social sororities and fraternities and works with Intrafraternity Council and Panhellenic Council to provide guidelines for Greek organizations and collaborate in providing events for Greek organizations and the campus community.

Each Greek organization is required to have a Risk Management Consultant and provide risk management education in many areas, including hazing. Hazing is not tolerated at West Liberty University. Any individual or Greek organization involved in hazing will be subject to sanctions through the University judicial process. Hazing is a term encompassing any action which inflicts or intends to cause physical or mental harm or anxieties; which may demean, degrade, or disgrace any person, regardless of location, intent, or consent of participants. Hazing can also be defined as any action or situation which intentionally or unintentionally endangers a student for admission into or affiliation with any student organization.

Students who would not be eligible to join a social club includes, but is not limited to, Advanced Academy Students and Early Entrance Students.
7. All organizations applying for recognition shall include provisions to ensure that their constitutions, charters, and by-laws are not discriminatory with reference to race, color, gender, ethnic origin, religious affiliation, or sexual orientation of perspective members, except when the express and legitimate purpose of the organization require limitation as to gender or religion.

Failure to meet these prescribed standards or the infraction of any University regulation may result in any of the following penalties:
 0. Denial of recognition of the group as a University organization.
 1. Forfeiture of right to representation in other University organizations, e.g., Interfraternity Council, Student Government, Intramurals, etc.
 2. Denial of the use of University facilities.
 3. Forfeiture of right to be listed in the Student Handbook or other publications.
 4. Denial of privilege of some or all social activities for a specified period.
 5. Denial of privilege of taking in members.

Alleged violations of the above "Standards for Organizations" will be referred for adjudication to the University's judicial process. In a case involving a student organization, all disciplinary procedures for individual students are to be followed except that student organizations are not entitled to representation by an attorney in any campus proceedings.

Campus Activities Board

The purpose of the Campus Activities Board works with the Director of Student Life to provide campus activities for the entertainment and enrichment of the student body and to encourage active participation in campus activities. If you are interested in getting involved with CAB, please email activities@westliberty.edu or contact the Student Life Office.

Definition and Approval of Campus Events

An approved campus event is defined as any event held on campus that is sponsored by a recognized student organization and registered with the Student Life Office. Any event that requires the use of certain facilities must be scheduled with that department and/or individual.

Campus functions are scheduled by the Student Life Office in the College Union. All reservations for facilities must be made with the appropriate individual(s) in charge of that area. A list of individuals to contact for reserving a particular facility is available in the Student Life office or available online at . <https://westliberty.edu/student-life/>

Student ID cards may be requested at any time from students attending any campus functions such as dances, lectures, concerts, athletic events, or other events that require the purchase of a ticket for admission. It is recommended that students carry their ID cards at all times.

The expenses incurred in meeting the above criteria for ensuring a safe environment for all participating and attending the event shall be the responsibility of the sponsoring organization(s).

Major Events on Campus

Any student sponsored event bringing in a number equal to 10% of the residential population constitutes a major event. This policy excludes sporting events organized through Intercollegiate Athletics. Any student organization sponsoring a major event must adhere to the following:

1. Register for the event with the Student Life Office at minimum 30 days in advance. Space and/or equipment must be scheduled and reserved with the appropriate individual(s)/department(s). The Student Life Office is NOT responsible for scheduling or reserving space and equipment.
2. Have a combination of advisors and/or campus safety officers present during the event. The determination and number of advisors and/or Campus Police officers shall be determined by the Student Life Office taking into consideration the type of activity and potential attendance. (e.g., a lecture would not have the same requirements as a concert.)

Student Success Center

Location: Elbin Library
Telephone: (304) 336-8185
Fax: (304) 336-8398

The Student Success Center is a one-stop shop for academic advising, career services/development, peer tutoring, academic coaching, and accessibility services. Additionally, staff within these offices coordinate first-year programs/services and other retention initiatives.

First-Year & Retention Programs/Services

The following programs and services are coordinated through the Student Success Center:

- First-Year Experience Course (COLL 101)
- Student Success Seminar (COLL 103)
- At-Risk Student Monitoring and Academic Advising
- PARENT POWER News Bulletin
- Hilltopper Academy Summer Bridge Program

Peer Tutoring

Peer Tutoring Services are free and based on the availability of peer tutor(s) in a requested course. Peer Tutors are recommended by faculty and have received high marks in the courses in which they assist while receiving regular training. Students can also utilize the common areas within the STUDENT SUCCESS CENTER for individual or group study.

Students interested in setting up an initial appointment with a Peer Tutor can do so by contacting the Student Support Services Coordinator at 304-336-8018, emailing wltutor@westliberty.edu, or visiting our offices in Main Hall 147. Once an initial Peer Tutoring session has been scheduled, students can arrange additional appointments as may be helpful. It is recommended that students request assistance early in the semester as studies show that early intervention is crucial for academic success.

Peer Tutors are available to:

- Assist in understanding course material
- Help students prepare for assessments (quizzes/exams)

- Provide homework assistance

Academic Coaching

Academic Coaching provides students the opportunity to engage with one of our Graduate Assistants to better understand strategies to be successful academically inside and outside the classroom. This learning support service differs from Peer Tutoring in that Academic Coaching is not course-specific but allows students to consider various strategies and methods for common tasks within the classroom to decide what may work best for that student. Examples of topics that could be covered in an Academic Coaching session include:

- Goal Setting
- Note Taking
- Developing Study Plans
- Time Management
- Active Reading
- Study Strategies

Students are encouraged to meet with an Academic Coach once per week or once every other week to maintain regular contact while reviewing previous efforts and developing action plans for subsequent weeks. For students that may feel uneasy about an upcoming semester or maybe did not experience success, we recommend students to meet with an Academic Coach within the first weeks of a semester, not wait until they feel overwhelmed. Academic Coaching sessions are intended to be proactive and allow a student to be better prepared for challenges they may experience throughout a semester.

In addition to one-on-one coaching appointments, Academic Coaches also create, plan, and present various educational workshops on these topics. For more information on when these presentations and workshops will be offered each semester, contact our staff by phone (304-336-8185) or email (Student Success Center@westliberty.edu).

Accessibility Services

A function of the Student Success Center, Accessibility Services, is available to assist students with disabilities. The purpose of these services is to encourage and enable all students an equal opportunity within the college setting. Assistance is offered to any student with a qualified disability. Following the guidelines of the Americans with Disabilities Act, staff are available to arrange reasonable accommodations for students with a qualified disability. A student recognizing that their academic or campus activities are limited or in some way restricted as a result of mobility, visual, hearing, learning, or emotional disability may contact the STUDENT SUCCESS CENTER for a personal conference.

There are various accommodations that may be available, based upon the student's documented disability and needs. Documentation should be provided to STUDENT SUCCESS CENTER staff as promptly as possible so that reasonable accommodations may be enacted. These may include, but are not limited to:

- Extended Time for Assessments (quizzes/exams)
- Reduced Distraction Testing Environment
- Lecture Recording
- Oral or Large Print Exams
- Sign Language Interpreters
- Physical Space Adaptations
- Special Request Accommodations

Any student who has a question about available services should contact the Student Success Center at (304) 336-8274.

Undeclared Student Advising

Student Life Policies and Procedures

West Liberty University is a coeducational state institution maintained by the Legislature of West Virginia. It operates under the direct supervision and control of the Institutional Board of Governors.

As in any social institution, policies and regulations play an essential part in furthering the goals of West Liberty University. Changes in these policies and regulations may occur over the years as students express different needs or seek more individual freedom. However, the challenge for freedom must be accompanied by a challenge for responsibility. This responsibility includes the enforcement of all policies and regulations in order to conserve the standards of conduct established by the University community.

The role of the student in maintaining the integrity and honesty of the University community must be an important part of the West Liberty tradition. Freedom without acknowledgment of its inherent responsibilities is not freedom.

The Student and the Academic Community

The submission of an application for admission to West Liberty University represents an optional and voluntary decision on the part of the prospective student. Institutional approval of that application, in turn, represents the extension of a privilege to join the academic and behavioral expectations that are set forth in the policies and regulations of the institution.

Membership in the academic community accords to the student certain freedoms and responsibilities in addition to those enjoyed by peers outside the institution. The following statements define the student freedoms and responsibilities in the West Liberty University community and define the opportunities for participation in the governance of that community.

Freedom of Expression and Assembly

As a member of the academic community, the West Liberty University student enjoys the essential freedoms of scholarship and inquiry central to all institutions of higher education. In exercising these freedoms, the student is privileged to have access to campus resources and facilities in accordance with institutional policies. Such campus resources at West Liberty University include the Library, Counseling Services, Educational-Vocational Counseling, Placement Services, and Campus Ministry. Furthermore, the student is encouraged to inquire, discuss, listen to, and evaluate the opinions of others who may or may not be members of the community. West Liberty University complies with WV Code §18B-20-7 Accountability to the Public:

(a) Each state institution of higher education shall publicly post on its website any policies it has enacted regarding protected expressive activity under the First Amendment to the United States Constitution.

(b) Each campus shall report to the Higher Education Policy Commission or the Council for Community and Technical College Education, as applicable, a description of any barriers to, or incidents of disruption of, free expression occurring on campus, including, but not limited to, attempts to block, or prohibit speakers and investigations into students or student organizations for their speech. The description shall include the nature of each barrier or incident, as well as what disciplinary action, if any, was taken against members of the campus community determined to be responsible for those specific barriers or incidents involving students and shall be reported without revealing those students' personally identifiable information. Annually, by August 1, the commission and council shall report to the Legislative Oversight Commission on Education Accountability any barriers or incidents reported to them pursuant to this subsection.

Any updates to policy on freedom of expression will be posted on the West Liberty University website and the Student Handbook.

Visiting Speakers

Consistent with its stated purpose, any recognized student organization has the privilege of inviting and listening to any person of its choice. To effectuate an orderly scheduling of facilities for such events, the sponsoring organization should file a request with the Campus Life Office.

Procedures Regulating Demonstrations and Assembly

As a citizen, the student at West Liberty is accorded essential freedoms to express personal viewpoints and consistent with propriety, to espouse causes both inherent and extramural to the institution, so long as the methods of support do not infringe upon the basic rights and freedoms held by all other members of the academic community.

Several channels of communication are provided for students who wish to express their viewpoints and engage in dialogue with regularly established governing bodies of the University. Channels open to student participation are Student Government, the various student-faculty committees, as well as the student-faculty newspaper. Furthermore, students may always arrange for personal consultation with members of the administrative staff of the University or may petition for desired objectives.

If any student believes that such channels have not provided satisfactory outlets for their views, some may wish, as a last resort, to participate in some form of public demonstration. The following procedures are provided, therefore, to regulate the conduct of the members of the University community who choose to express their concerns through any form of demonstration:

1. Picketing, sit-ins, and other forms of demonstration are to be confined to the exterior of buildings. Such demonstrations must not block the entrance to buildings or the normal flow of pedestrians or vehicular traffic.
2. Demonstrations are to be orderly at all times and may in no way jeopardize public order or safety or disrupt classroom instruction, the privacy of individuals living in residence halls, student participation in placement interviews, conferences, or other University activities.
3. Persons involved in demonstrations may not disrupt organized meetings or other assemblies.
4. Persons involved in demonstrations may not coerce others to join in the demonstrations or harass passers-by or participants in any University program. Non-demonstrators may not harass the demonstrators or disrupt their orderly demonstrations.
5. Banners, placards, other visible materials, and public utterances must contain no vulgar language or expressions. Distribution or posting of printed or written materials must follow established procedures.
6. Any demonstration that originates on the University campus and proceeds off campus is to be conducted within the confines of local, state, and national laws.
7. The right of assembly and orderly demonstration does not give license to conduct riots or other disruptive activity inherently dangerous to persons or property.
8. Any person identified as remaining in a demonstration which has not been orderly (as defined in points 1-7 above) and who has not been orderly (as defined in points 1-7 above) and who has been asked to leave by an official or agent of the University, will be subjected to arrest. Such actions will also be reviewed by the Student-Faculty Judiciary, Committee and, if in violation of policy, will be subject to University disciplinary action.
9. Any person identified as committing an act of violence, destruction, defacement of property, or disrupting the functions of the University will be subject to arrest. Such actions will also be reviewed by the Judicial Board and, if a student is found guilty, he/she will be subject to disciplinary action.

Student Press, Radio, and Television

The value of free and independent student media is recognized. Student editors and reporters have the freedom to report factual matters and to express editorial viewpoints which need not reflect the viewpoint of the faculty or administration. However, this freedom of expression necessitates adherence to the canons of responsible journalism, including the avoidance of libel, indecency, undocumented allegations, attacks on personal integrity, and the techniques of harassment and innuendo.

Alcohol

The university prohibits the possession or consumption of alcoholic beverages on the campus. Any exception must have prior approval.

Academic, Sports and Recreation Complex Use Policy

The Academic, Sports and Recreation Complex is a multi-use facility designed to serve the academic, intercollegiate, and recreational needs of West Liberty University students. Recognizing that various groups use the complex, the following outlines the general scheduling priorities for the complex. Open recreation for students is an important goal and effort is made to provide such opportunity when the building is open.

The hours of operation are posted in the specific areas as well as in the main lobby. A supervisor is not on duty weekdays from 4:00 to 5:00 PM. Specific facilities within the complex that require direct supervision will not be open unless arrangements for direct supervision are made. The building is open for summer hours from 8am through 4pm, Monday through Friday.

- General Rules for the Complex
 1.  2. The facility is for the use of West Liberty University students and employees (intercollegiate teams, intramural competitions, and recreational events). Individuals or organizations not associated with West Liberty University cannot use the facilities without prior arrangement. Persons using the facility should expect to be prepared to show West Liberty University identification or a card showing that they have registered with the University to use the complex, as well as proof of insurance upon request. In compliance with University policy, smoking or use of any tobacco products is prohibited inside the complex.
 3. Proper attire – shirt and shoes when entering the facility and most areas of the complex.
 4. Use of the Complex and its various facilities by individuals not associated with the University is permitted pending availability. For more information review the “Use of the Complex by Individuals from the General Public” section of these guidelines.
 5. Cleats are not to be worn anywhere within the Complex.
 6. Skateboards, rollerblades, skates, scooters, and bicycles are not permitted in the complex.

Certain areas within the complex have additional policies that must be followed:

1. Arena: The Competition Court (Court #1) is reserved for use by athletic teams and by other organized events approved in advance by the Athletic Director. It is not available for recreational use. Every effort will be made to provide at least one other court for free play and recreational use by students, employees or visiting groups (outside the 3:00-7:00 pm practice time).
2. Track: The direction for walking/running on the track is determined by the day of the week. On Sundays, Mondays, Wednesdays, and Fridays the direction is counterclockwise. On Tuesdays, Thursdays, and Saturdays the direction is clockwise.

- The use of strollers and wheelchairs on the track is permitted only if the wheels do not cause damage to the track. Bicycles, roller blades, roller skates, skateboards, scooters, or any other wheeled items are prohibited on the track. Patrons should note that other prohibitions exist on the use of skateboards and roller blades on the University campus.
- No street shoes are to be used on the track. Use the staging area at the entrance of the track to change into appropriate footwear.
- R. Emmett Boyle Conference Center: This premier space on campus is to be used for major campus events that are of a size that is appropriate for the space. Staff meetings, committee meetings, student organization meetings and other programs should be scheduled in other meeting rooms or facilities available on the campus.
- Racquetball Courts: The University strongly recommends that protective eyewear be worn when using the racquetball courts.
- Weight Rooms The weight room is supervised by the coaching staff of the various sports teams, as well as student monitors. Free weights and other equipment are available in the Wellness Center. Special arrangements for its use by summer conference groups may be made through the Summer Conference Office. General hours are posted. For more information on the Wellness Center, see the Student Life section of this handbook.
- Individuals not associated with the University as students or employees may use the complex on a space available basis. Priority for use of the complex is listed at the beginning of these guidelines. While the University welcomes members of the community, visitors must bear in mind that students have first priority in the use of the complex.
- Reserving Facilities within the Complex. University personnel and organizations must contact the athletic department to make arrangements to reserve facilities within the Complex for special events or programs.

 - iii. Animals cannot be tethered to inanimate objects on campus and left unattended by owner.
- c. Be under the complete control of the owner at all times and present no hazard to people or property.
- d. Any animal on campus must be up to date on current rabies vaccinations and other appropriate vaccinations and shots recommended by a veterinarian to ensure safety of other animals and the campus community.
- e. The owner of any animal is responsible for the animal's behavior, including but not limited to any damage, person, or property, caused by the animal.
- f. The owner of any animal is responsible for the removal of, and disposal of waste generated by the animal in an appropriate outdoor receptacle. This includes disposing of waste in outdoor locations, and those approved Emotional Support Animals with waste locations inside residential locations.
- g. The owner of the animal is financially responsible, including forfeiting the housing damage deposit, for any cleaning, repairs, and/or pest control that is required because of the animal's presence on campus.
- h. Exceptions to policy may be made for animals involved in authorized research of West Liberty University, law enforcement animals, or other approved University sponsored events.
- i. Violations of this policy will be forwarded through the Student Conduct Office for students or Human Resources for employees.

III. Accommodations Policy

- a. West Liberty University is committed to compliance with state and federal laws regarding individuals with disabilities. Members of the University community who seek reasonable academic accommodation for disabilities should contact the Student Success Center in Main Hall. A review of requests will be completed, and a written decision letter will be emailed to the student prior to the animal's arrival on campus.
- b. Students requesting to have service or emotional support animals in the residence halls will also need to communicate with the Housing & Residence Life Office to provide proper housing accommodations. A review of requests will be completed, and a written decision letter will be emailed to the student prior to the animal's arrival on campus.
- c. The following information includes various laws governing service or emotional support animals, including definitions of service and emotional support animals.
 - i. Title II of the ADA applies to state and local governmental entities, including all public colleges/universities and states that public entities must modify policies, practices, or procedures to permit the use of a service animal by an individual with a disability. Under Title II, a service animal is defined as any dog that is individually trained to do work or perform tasks (directly related to the disability) for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Under Title II, the Department of Justice explicitly states that animals other than dogs are not defined as service animals, except for special provisions permitting miniature horses). Additionally, animals that serve solely as crime deterrents or provide emotional support, comfort or companionship are not considered service animals under the DOJ's definition in Title II.
 - ii. Title III of the ADA applies to business and nonprofit entities that are "public accommodations" such as public and private colleges/universities and states that individuals with disabilities shall be permitted to be accompanied by their service animals in all areas of a place or public accommodation. As in Title II, the

definition of service animal is restricted and does not include animals other than dogs, animals that are not effectively controlled or housebroken, or animals that are emotional support animals.

- iii. Section 504 of the Rehabilitation Act applies to any institution receiving federal financial , which includes nearly all public and private colleges and universities and states that a college/university may not impose upon a disabled student any policy that has the effect of limiting the participation of the disabled students in the University’s educational program or activity. The Department of Education’s Office for Civil Rights has adopted the definition of service animal provided by Title II and Title III for their interpretation of Section 504 of the Rehabilitation Act.
 - iv. The Fair Housing Act applies to residential “dwellings”, including “any building, structure, or portion thereof which is occupied as, or designed or intended for occupancy as, a residence by one or more families.” §42 U.S.C. 3602(b) and states that it is unlawful to discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection with such a dwelling because of a disability of that person. To date, there has not been affirmation by the court system as to whether the FHA applies to residential dormitories as there is legal debate whether “family” includes a single individual according to the legal definition. The FHA applies only to residential dwellings and not to academic, administrative, and common areas on campus.
- d. After reviewing the aforementioned laws, West Liberty University has developed the following Service and/or Emotional support animal policy:
- i. With respect to a request for a service or emotional support animal, WLU will determine, on a case-by-case basis, and in accordance with applicable laws and regulations, whether such animal is a reasonable accommodation on campus. In doing so, WLU must balance the needs of the individual with the impact of the animal on other campus community members.
 - ii. Where it is not clear that an animal is a service animal as defined by the ADA, WLU may require sufficient information and documentation to determine whether the animal qualifies as a service or emotional support animal under the disability’s legislation. West Liberty University may require any or all the following:
 - iii. Documentation from a treating licensed physician or mental health provider, who is currently treating and/or has a history of treating the student for the diagnosis requiring an emotional support animal, showing that the service or emotional support animal is required for the student to be successful in completing their degree requirements, including how the animal assists the student. Confirmation with the provider may be part of the approval process in order to confirm the accommodation requirements. The following criteria must be met to verify the accommodation:
 1. The sole purpose for contacting the provider is not for an ESA letter.
 2. The student has had multiple interactions/appointments with the provider.
 3. The provider has personal knowledge of the disability and need for the emotional support animal.
 4. The provider has provided medical or mental health services for the student.
 - iv. Documentation detailing or verifying the appropriate training of the service or emotional support animal.
 - v. Documentation from a veterinarian that the animal is up to date on vaccinations and all veterinary care.
 - vi. Students with service or emotional support animals may be required to complete additional documentation to share with Residence Life Staff, Physical Plant, and WLU Police in regard to proper treatment and interaction with the service or emotional support animal.
 - vii. Students requesting an accommodation for a service or emotional support animal in the residential facilities will be required to complete the following procedures and paperwork prior to bringing the animal to campus:
 1. Print the Accommodations Request Form to be completed by the treating licensed physician/clinician.
 2. Review the Animal Policy and complete the Acknowledgement of Animal Policy form.
 3. Print the Veterinarian Information Form to be completed by the student and veterinarian.
 4. Requests for additional information must be completed if required.
 5. Receive notification of approval letter via email from the Office of Housing & Residence Life.

- e. Service Animals
 - i. Service Animals are permitted within buildings on property owned or controlled by the University. Service Animals are permitted to access all areas of campus that their owners would otherwise be permitted access.
 - ii. Owners of Service Animals should take special caution and must evaluate the potential risks when bringing a Service Animal into hazardous or high-risk areas on campus, including but not limited to high traffic areas, athletic contests, student performances, student activities, classes, laboratories, etc.
- f. Emotional Support Animals
 - i. Emotional Support Animals are approved emotional support animals that do not meet the requirements stated by Title II and Title III of ADA legislation, but which might meet the requirements under the Fair Housing Act.
 - ii. Emotional support animals will be permitted only in the student's dwelling (their specific room or apartment). Emotional support animals will not be permitted in academic buildings, dining facilities, administrative buildings, in other residents' rooms, or in common areas of the residence halls.
 - iii. Emotional support animals must be transported by leash or in a secure carrier when outside of the "dwelling" to ensure the safety of others.
 - iv. Emotional support animals must be kept in a cage or carrier in the room when the student is not present in the room.
 - v. Animals should have basic training to be in carriers when the resident is not in the room, to avoid being disruptive to the living community. Animals should also be trained for proper bathroom habits to avoid sanitation concerns that could be damaging to the facility or disruptive to the community.

IV. Removal of Animals from Campus

- a. The University retains the right to remove any animal, including service or emotional support animals, from university premises if the safety of others, destruction of property, disturbance, or violation of policy warrants such removal. Any cost affiliated with removal of an animal from campus will be the responsibility of the owner.
- b. The University retains the right to remove any animal that appears to be in danger or threat due to negligence or inappropriate action of the owner. This includes, but is not limited to, unhealthy living conditions, animals left exposed to the elements in a vehicle or outside, etc. The owner will be financially responsible for any expense for removal of the animal from an unsafe circumstance.
- c. If an animal presents an immediate threat to persons or property, immediately contact West Liberty University Police at (304)336-8021.

V. Feral and Wild Animals

- a. Feral or wild animals that are not a risk and do not pose a hazard to the campus community, damage to the campus or personal property, create a nuisance, or pose a potential threat to the health or safety of any member of the campus community will be allowed to inhabit the campus grounds.
- b. Feral or wild animals that pose any of the aforementioned risks may be removed and/or relocated in accordance with all applicable laws and regulations.
- c. No person may do anything to attract feral or wild animals to campus, including but not limited to feeding, watering, building shelters or providing medication.

Definition and Approval of Campus Events

An approved campus event is defined as any event held on campus that is sponsored by a recognized student organization and registered with the Campus Life Office. Any event that requires the use of certain facilities must be scheduled with that department and/or individual.

Campus functions are scheduled by the Campus Life Office in the College Union. All reservations for facilities must be made with the appropriate individual(s) in charge of that area. A list of individuals to contact for reserving a particular facility is available in the Campus Life Office.

Student ID cards may be requested at any time from students attending any campus functions such as dances, lectures, concerts, athletic events, or other events that require the purchase of a ticket for admission. It is recommended that students carry their ID cards at all times.

The expenses incurred in meeting the above criteria for ensuring a safe environment for all participating and attending the event shall be the responsibility of the sponsoring organization(s).

Conduct at Events

West Liberty University students are expected to show responsible and courteous conduct individually and collectively in their participation in all university functions. The officers of each organization and each member of the organization are responsible for the planning and conduct at all functions held under the auspices of members of the organization.

Any individual and/or group may be held judicially responsible by the University for inappropriate conduct at any university sponsored event. In addition, if the organization responsible for the inappropriate conduct is found at fault, the organization may lose their charter and/ or recognition for an expressed period of time or indefinitely.

Drugs

The university prohibits the possession, use, or furnishing of any illegal drugs or drug paraphernalia (bongs, pipes, etc.) in the residence halls or on university-owned or supervised property. Any student found in violation of this policy will be immediately placed on interim suspension from the residence halls and/or the institution pending completion of the university's judicial process as outlined in the Student Code of Conduct. Any residential suspension predicated on a violation involving a felony-weight of drugs and/or possession with intent to deliver also shall result in imposition of "full restrictions." Written notification will be sent to student, parent(s) or guardian, and faculty advisor.

In addition, any person found in violation of this policy may be subject to legal action. Note: Presence in an area where drugs are present may subject all persons present to discipline/legal action. As a university that receives federal funding, we are required to abide by federal law. As cannabis is still illegal under federal law, the use and/or possession of cannabis (marijuana) on university property and in campus facilities remains prohibited by university policy and federal law, even if obtained by a medical provider.

The Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act of 1974 is a Federal law which states (a) that a written institutional policy must be established and (b) that a statement of adopted procedures covering the privacy rights of students be made available. The law provides that the institution will maintain the confidentiality of student education records. West Liberty University's FERPA Policy can be found in the West Liberty University Catalog, available online at <http://westliberty.edu/registrar/west-liberty-university-bulletin/>.

West Liberty University accords all the rights under the law to students who are declared independent. No one outside the institution shall have access to nor will the institution disclose any information from students' education records without the written consent of students except to personnel within the institution, to officials of other institutions in which students seek to enroll, to persons or organizations providing students financial aid, to accredited agencies carrying out their accreditation function, to persons in compliance with a judicial order, and to persons in an emergency in order to protect the health or safety of students or other persons. All these exceptions are permitted under the Act.

Within the West Liberty University community, only those members, individually or collectively, acting in the student's educational interest are allowed access to student education records. These members include personnel in the Enrollment Services, Student Services, Business Office, academic colleges and departments, academic advisors, and athletic departments.

At its discretion the institution may provide Directory Information in accordance with the provisions of the Act to include student name, address, telephone number, email address, major field of study, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, participation in officially recognized activities and sports, and weight and height of members of athletic teams. Students may withhold Directory Information by completing a form in the Enrollment Service Center.

Request for non-disclosure will be honored by the institution for only one academic year; therefore, authorization to withhold Directory Information must be filed annually in the Enrollment Services Center or appropriate campus office.

The law provides students with the right to inspect and review information contained in their education records, to challenge the contents of their education records, to have a hearing if the outcome of the challenge is unsatisfactory, and to submit explanatory statements for inclusion in their files if they feel the decisions of the hearing panels to be unacceptable. Students wishing to review their education records must contact the campus official in charge of the office in which the record is located.

Records covered by the Act will be made available within forty-five days of the request. Students may have copies made of their records with certain exceptions, (e.g., a copy of the academic record for which a financial "hold" exists, or a transcript of an original or source document which exists elsewhere.) These copies would be made at the students' expense at prevailing rates. Education records do not include records of instructional, administrative, and educational personnel which are the sole possession of the maker and are not accessible or revealed to any individual except a temporary substitute, records of the law enforcement unit, counseling and student health records, employment records or alumni records. Counseling and health records, however, may be reviewed by physicians or other appropriate professionals of the students' choosing.

Students may not inspect and review the following as outlined by the Act: financial information submitted by their parents; confidential letters and recommendation associated with admissions, employment or job placement, or honors to which they have waived their rights of inspection and review; or education records containing information about more than one student, in which case the institution will permit access only to that part of the record which pertains to the inquiring student. The institution is not required to permit students to inspect and review confidential letters and recommendations placed in their files prior to January 1, 1975, provided those letters were collected under established policies of confidentiality and were used only for the purposes for which they were collected.

Students who believe that their education records contain information that is inaccurate or misleading or is otherwise in violation of their privacy or other rights, may discuss their problems informally with the Registrar or appropriate campus official. If the decisions are in agreement with the students' requests, the appropriate records will be amended. If not, the students will be notified within a reasonable period of time that the records will not be amended; and they will be informed of their right to a formal hearing. Student requests for a formal hearing must be made in writing to the Provost who, within a reasonable period of time after receiving such requests, will inform students of the date, place, and the time of the hearing. Students may present evidence relevant to the issues raised and may be assisted or represented at the hearings by one or more persons of their choice, including attorneys, at the students' expense. The hearing panels, which will adjudicate such challenges, will be the Provost, VP of Student Affairs and Enrollment Management, a faculty member appointed by the President, and a student member appointed by Student Government.

Decisions of the hearing panels will be final, will be based solely on the evidence presented at the hearing, and will consist of written statements summarizing the evidence and stating the reasons for the decisions, and will be delivered to all parties concerned. The education records will be corrected or amended in accordance with the decisions of the hearing panels if the decisions are in favor of the students. If the decisions are unsatisfactory to the students, the students may place with the education records a statement commenting on the information in the records, or statements setting forth any reasons for disagreeing with the decisions of the hearing panels. The statements will be placed in the education records, maintained as part of the students' records, and released whenever the records in question are disclosed.

Students who believe that the adjudications of their challenges were unfair, or not keeping with the provisions of the Act, may request, in writing, assistance from the President of the institution. Further, students who believe that their rights have been abridged may file complaints with the Student Privacy Office, US Department of Education, 400 Maryland Ave. SW, Washington, D.C. 20202, concerning the alleged failures of West Liberty University to comply with the Act. Revisions and clarifications will be published as experience with the law and institution's policy warrants.

Gambling

Gambling in any form is not permitted on campus. Violation of this policy will result in disciplinary action such as, but not limited to, suspension from the residence halls and possible legal action.

Hazing Policy

Definitions:

“Hazing” means to cause any action or situation which recklessly or intentionally endangers the mental or physical health or safety of another person or persons or cause another person or persons to destroy or remove public or private property for the purpose of initiation or admission into or affiliation with, or as condition for continued membership in, any organization operating under the sanction of or recognized as an organization by an institution of higher education. The term includes, but is not limited to, any brutality of a physical nature, such as whipping, beating, branding, forced consumption of any food, liquor, drug or other substance, or any other forced physical activity which could adversely affect the physical health and safety of the individual or individuals to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual or individuals, or any willful destruction or removal of public or private property: Provided, That the implied or expressed consent or willingness of a person or persons to hazing shall not be defense under this section.

“Institution of higher education” or “institution” means any public or private institution. Any person or persons who causes hazing is guilty of a misdemeanor, and, upon conviction thereof, shall be fined no less than one hundred dollars, no more than one thousand dollars, or confined in a county or regional jail, not more than nine months, or both fined and imprisoned: Provided, that if the act would otherwise be deemed a felony as defined in this code, the person committing such an act may be found guilty of such felony and be subject to penalties provided for such a felony.

West Liberty takes accusations of hazing very seriously. Students who observe violations of this policy should file an incident report with Associate Vice President of Student Services or Campus Activities Coordinator. Violations can be investigated and adjudicated as both infractions of State law and Institutional policy. On an institutional level, both individuals and organizations found in violation of this policy will be subject to severe sanctions which could include suspension for an individual or revocation of charter for an organization.

Major Events on Campus

Any student sponsored event bringing in a number equal to 10% of the residential population constitutes a major event. This policy excludes sporting events organized through Intercollegiate Athletics. Any student organization sponsoring a major event must adhere to the following:

1. Register for the event with the Campus Life Office at minimum 30 days in advance. Space and/or equipment must be scheduled and reserved with the appropriate individual(s)/department(s). The Campus Life Office is NOT responsible for scheduling or reserving space and equipment.
2. Have a combination of advisors and/or campus safety officers present during the event. The determination and number of advisors and/or WLU Police officers shall be determined by the Campus Life Office taking into consideration the type of activity and potential attendance. (e.g., a lecture would not have the same requirements as a concert.)

Medical Amnesty Procedure

The Medical Amnesty procedure protects individuals from liability through the West Liberty University Student Conduct processes who seek medical attention as a result of illegal actions. Individuals must adhere to the requirements and standards outlined within this policy to qualify for medical amnesty.

Medical amnesty may be granted to bystanders and/or those affected by an alcohol or drug overdose. If someone is overdosing on alcohol or drugs, a bystander may call for assistance without concern that the bystander or individual experiencing the overdose will face charges under the WLU Student Code of Conduct or student conduct processes, even if either or both parties are engaged in alcohol or drug violations, including underage drinking.

Bystander Requirements During Incident

In order to qualify for medical amnesty, the bystander must do the following during the incident:

1. Call for emergency assistance in good faith and in a timely manner, by calling 911.
2. Identify oneself to medical personnel, law enforcement officers and/or university personnel.
3. Remain at the location with the individual experiencing the overdose as long as it is physically safe to do so.

4. Cooperate with medical personnel, law enforcement and/or university personnel throughout the incident by answering questions and providing any information to assist in treatment and response to individual experiencing overdose.

After Incident Requirements

Bystanders and/or those experiencing an overdose will be required to complete the following steps in order to qualify for medical amnesty:

1. Meet with Student Conduct Administrator as requested after incident.
2. Complete any alcohol or drug assessment or counseling session(s) as deemed necessary after consultation between the Student Conduct Administrator and Office of Counseling Services.

Record of Incident

A record will be kept by the Student Conduct Administrator of the incident. This information will only be considered in the future if the student is found responsible for an additional violation of alcohol and/or drug policies, as a “prior record” during the sanctioning of that future incident. If there are multiple incidents involving an individual experiencing overdose, they may be referred to the Student Conduct Administrator and subject to student conduct action.

Additional Considerations of Procedure

Medical amnesty only applies to alcohol and drug use policy violations. Amnesty will not apply to other prohibited behaviors, such as allegations related to:

1. Acts or threats of violence
2. Sexual misconduct
3. Property damage
4. Distributing or intent to distribute illegal substances.

These violations will not be eligible for medical amnesty. Bystander individuals will not be considered qualified for medical amnesty if they wait until medical personnel, law enforcement, or University personnel are on scene providing assistance prior to the bystander contacting them. The WLU Medical Amnesty procedure applies only to action through the University’s student conduct processes and citation by WLU Campus Police. The procedure does not apply to action taken by other law enforcement offices.

Parking Procedures on Campus

All motor vehicles parked on Campus by the student, faculty, and staff of the University must park in authorized parking lots and parking spaces. Signs and/or parking space lines mark all lots and parking spaces. Whenever possible, operators of motorcycles are requested to utilize less than a full parking space. Any vehicle requiring a state license is classified as a motor vehicle.

All motor vehicles on Campus must be registered with the University through the online parking hangtag form to receive their hangtag. Hangtags will be distributed through the Office of Housing & Residence Life to all students. Color-coded parking hangtags are available for a yearly fee. Students’ accounts will be charged the fee automatically for their parking permit each semester. Any student that does not bring a vehicle to campus, can sign a form agreeing to be released from the charge. Only one hangtag per person will be issued. Permits expire July 31st of each year. Loss of parking permit requires payment of the yearly fee for a new one and the lost permit will be voided.

The charging of fees and the issuing of hangtags merely authorizes the holders to drive and park on Campus; they do not guarantee the availability of a legal space in which to park a car. The University continues to monitor the demand for parking spaces. Operators of automobiles are asked to report to the WLU Police Office for assistance at any time when there appears to be no legal space in which to park a car.

The color-coded parking hang tag must be visible in all vehicles which park in the assigned parking areas at all times while parked on Campus or a parking/traffic citation will be issued.

Parking Laws

As a state institution of higher education, West Liberty University derives its authority to create and enforce traffic flow and parking regulations from various sections of the West Virginia State Code, including WV Code Article 1 7c-13 and Article 4 Section 18B-4-6, and from policies reviewed and approved by the West Liberty University Board of Governors.

Violations can, at the discretion of the University, be handled on campus as an administrative/conduct matter with judicial proceedings or monetary charges for violations added to a student's account if not paid in a timely manner or may be filed with the Ohio County Magistrate as a civil proceeding. **Vehicles with more than three unpaid parking fines/violations or who are blocking traffic are subject to "booting" or towing by the University at the owner's expense.**

Parking citations will be issued on campus for the following types of violations: Unauthorized parking, parking in fire lanes, at yellow curb or on yellow lines, on the grass, in a driveway, blocking the flow of traffic, improper parking, occupying two parking spaces, parking in a handicapped area, parking in traffic circles (i.e., in front of Beta Hall or Hughes Hall). Students who are issued citations for parking violations can appeal their citation through an [online appeal process](#). Citations will be reviewed by the Safety Committee.

The following violations may be issued as an Ohio County Magistrate Court Ticket: Driving recklessly, one-way street violations, "Stop" sign violation, exceeding campus speed limit of 15 miles per hour.

Whenever a vehicle is parked on any campus road, driveway or area in a manner which violates posted regulations and substantially impedes the flow of traffic or endangers the health and safety, the institution may, in addition to the issuing of a citation and subsequent procedures set for the herein, remove the vehicle, by towing or otherwise. The vehicle may also be rendered immovable by the use of locking wheel blocks or other devices. The University shall not be liable for any damage to a vehicle towed to, or kept in, a designated area pursuant to the provisions of this section. The University shall pay for the cost of removing the vehicle and shall have a right to reimbursement from the owner for this cost and for the reasonable cost of keeping the vehicle in the designated area. Until payment of these costs, the university may retain possession of the vehicle, and university shall have a lien on the vehicle for the amount due.

Any person guilty of negligent homicide or reckless driving upon any of the driveways or other parts of the University campus is subject to arrest by WLU Police officers or other law enforcement officers. Reckless driving includes driving on any area of the campus not intended for automobile traffic, such as sidewalks and lawns.

Annual Report on Campus Safety

The annual Campus Safety Report is required by the Student Right to Know and Campus Security Act of 1990. The Act requires that it be sent to all employees and students of the University. It contains the following:

1. A summary of the University's security procedures.
2. The annual summary of reported incidents.
3. A list of definitions explaining the various categories of incidents reported in the annual summary.

This report is compiled annually by the Office of Student Services. Any questions regarding this report should be directed to that office. A complete report for the most recent calendar year along with information on Campus Safety and past years' reports are available on West Liberty's web site at www.westliberty.edu/residence-life/asr.

Campus Sex Crimes Prevention Act

West Liberty University complies with the Campus Sex Crimes Prevention Act (CSCPA) which was enacted in October of 2000. The University utilizes the WLU Police Office as the agency of record for those who are mandated to register as sex offenders. Information concerning the enrollment or employment of registrants at the institution (and subsequent changes in registrants' enrollment or employment status) is promptly made available to the WLU Police department or law enforcement agency. In instances where individuals who are mandated to report fail to do so, the individual case(s) will be reviewed and appropriately prosecuted under the relevant and applicable laws. Campus notification regarding this matter is made available through the WLU Police web page.

Security Procedures

West Liberty University is concerned about the safety of all members of our community and all visitors to campus. The University provides 24-hour police coverage all year. During the academic year, a staff member for the Office of Housing & Residence Life is on duty each evening after normal business hours, with support from a student staff of Resident Assistants. WLU Police may be contacted at (304) 336-8021 at all times. On a regular University extension, only the numbers 8021 need to be dialed. Information regarding emergency procedures and the reporting of crimes is included in the University's various handbooks.

WLU Police are available to assist students, employees, and visitors. Officers have law enforcement authority, and their responsibilities include regulation and enforcement of traffic and parking regulations, enforcement of University policies and behavioral expectations, and the making of rounds and inspection of the campus for safety and maintenance concerns. Officers have a mobile telephone and handheld radio for contact with all emergency services including police, fire, and ambulance squads. The department maintains a close and cooperative relationship with the West Virginia State Police, Ohio County Sheriff's Department, local police and the West Liberty Volunteer Fire Department and Emergency Squad.

Monthly reports of campus incidents are reported to the West Virginia State Police by the Office of WLU Police. These reports include information consistent with the Uniform Crime Reporting (UCR) system.

The University provides information and educational programs in a variety of ways to the campus community. The Vice President of Student Services meets with parents of incoming students at each summer orientation session. Students are provided handbooks through the WLU website at www.westliberty.edu/residence-life/studenthandbook, which include information about security procedures on campus. Student Life events include programs on personal security and safety.

The Office of Housing & Residence Life and WLU Police also urge residence hall students to register any valuable property with WLU Police for confirmation of ownership in the event of theft or damage. Students are advised to keep records of serial numbers and receipts for expensive items.

The University is committed to maintaining a drug free environment and has a Drug and Alcohol Policy in place. Counseling is readily available for students in need of assistance in dealing with drug and alcohol use. The policies that relate to these issues are included in various institutional handbooks.

Smoking & Smokeless Tobacco

West Liberty University has a responsibility to its employees and students to provide a safe and healthful environment. Research findings show that smoking and secondhand smoke constitute a significant health hazard. In addition to direct health hazards, smoking contributes to institutional costs associated with employee absenteeism, health care, and medical insurance.

The United States Environmental Protection Agency and the National Institute for Occupational Safety and Health have determined that environmental tobacco smoke and side stream smoke are carcinogenic. Secondhand tobacco smoke can also lead to increased risk of heart disease in non-smokers. Tobacco smoke is also a major contributor to indoor air pollution and a significant health hazard.

Section 1. Provisions

- 1.1 The use of all smoking tobacco products, simulated tobacco products (electric cigarettes, etc.), natural/artificial tobacco tobacco-like substitutes, devices (Hookah, etc.), smokeless tobacco, or tobacco-like substitutes (particularly, spit-and-chew varieties) is prohibited in all University buildings, campus facilities (e.g. sports venues, parking lots, grounds), and off-campus locations such as the Highlands center (and adjacent parking area) which are under the control of West Liberty University.
- 1.2 This tobacco use policy applies to all members of the campus community – students, guests, faculty, staff, contracted service personnel, vendors, contractors, visitors, and the Board of Governors.
- 1.3 All smoking and smokeless tobacco products and tobacco-like substitutes, as described in Section 1.1, are prohibited in any motor vehicles owned, leased, or otherwise operated by West Liberty University.
- 1.4 The sale of or free distribution of tobacco products or tobacco-like substitutes on campus is prohibited. This includes the delivery of tobacco products or tobacco-like substitutes to campus by means of delivery services of any kind. In addition, tobacco advertisements are prohibited in all University produced publications.
- 1.5 All tobacco products or tobacco-like substitutes must be extinguished, and tobacco residue should be placed in an appropriate waste receptacle prior to arrival on West Liberty University property or those locations under the control of the University.

Section 2. Exception

- 2.1 Dwellings located on campus property and occupied as a family residence.

Section 3. Enforcement

- 3.1 The President, or his designee, shall be responsible for developing and updating an administrative procedure detailing specific sanctions, etc. that will apply to those who violate this policy. Enforcement of this rule will depend on the cooperation of all members of the campus community, both to comply and to encourage others to do so. Faculty, staff, and students who see individuals smoking or using tobacco products or tobacco-like substitutes are asked to inform these individuals in a professional and courteous manner that University policy prohibits tobacco and tobacco-like substitutes use anywhere on campus. Offenders are to be reported appropriately to the Dean of Enrollment and Student Services/Registrar, the Vice President of Human Resources, or WLU Police.

Section 4. Assistance

- 4.1 West Liberty University will use all resources at its disposal to assist any individual within the University community in their effort to eliminate the personal use of tobacco or tobacco-like substitutes in any form.
- 4.2 Specific assistance will be obtained, as appropriate, from the West Virginia Tobacco Coalition, West Virginia Wellness Council, and the Ohio County, West Virginia, Health Department.
- 4.3 The West Liberty University Health Promotion – Tobacco Coalition Committee will assist in implementation and evaluation of compliance with this smoking policy. Membership includes representatives from all University constituents and interested parties.

Solicitation Policy

Solicitation is prohibited on the campus of West Liberty University. Student organizations may be permitted to solicit under some circumstances, with prior approval from the Student Life Office.

Stalking Policy

West Liberty University is determined to provide a campus environment free of violence for all members of the campus community. For this reason, WLU does not tolerate stalking. Perpetrators of such acts will be pursued to the fullest extent possible. WLU is also committed to supporting victims of stalking through the appropriate provision of safety and support services.

Stalking is a crime in West Virginia (§61-2-9a of the WV State Code) and is subject to criminal prosecution. Students perpetrating such acts of violence will be subject to disciplinary action through the University's Office of Student Services. This can include expulsion from the University and/or criminal prosecution simultaneously.

Policy Jurisdiction:

This policy applies to all students, faculty, staff, and temporary/contracted employees of the University community. Additionally, this policy applies to any stalking behavior including, but not limited to, on-campus and cyber behaviors. There are two types of jurisdiction covered by Policy: Title IX jurisdiction and General jurisdiction. Title IX jurisdiction: stalking that occurs in a University Education Program or Activity and within the United States. Title IX jurisdiction does not apply if: (1) the conduct alleged in the Formal Complaint would not constitute Sexual Harassment as defined in this policy, (2) the conduct alleged did not occur in a University Education Program or Activity, or (3) the conduct alleged did not occur against an individual in the United States. General Jurisdiction: All other complaints of Prohibited Conduct will be within the University's jurisdiction if the behavior (a) occurs on University premises; (b) occurs off-campus and would unreasonably interfere with the educational or orderly operation of the University community, its mission, or its objectives determined by a reasonable person; or (c) occurs off-campus and in light of all of the facts and circumstances, would endanger the health and safety of the University community. General jurisdiction prohibited conduct are subject to disciplinary action under University Policies and Procedures and the Student Code of Conduct.

Definition of Stalking:

Stalking is a course of conduct directed at a specific person that would cause a reasonable person to feel fear. **Course of conduct** is defined as "a pattern of actions composed of more than one act over a period of time, however short, evidencing a continuity of conduct." Please refer to the following excerpt from WLU BOG Policy 32:

"Stalking" means engaging in a Course of Conduct directed at a specific person that would cause a Reasonable Person to:

- (i) fear for his or her safety or the safety of others; or
- (ii) suffer Substantial Emotional Distress.

“Course of Conduct” means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

“Reasonable Person,” for purposes of this definition, means a reasonable person under similar circumstances and with similar identities to the Complainant.

“Substantial Emotional Distress,” for purposes of this definition, means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Stalking includes any behaviors or activities occurring on more than one occasion that collectively instill fear in a victim and/or threaten his/her safety, mental health, or physical health. Such behaviors and activities may include, but are not limited to, the following:

- Non-consensual communication, including face-to-face communication, telephone calls, voice messages, e-mails, written letters, gifts, text messages, or any other communications that are undesired and place another person in fear.
- Use of online, electronic, or digital technologies, including:
 - Posting of pictures or information in chat rooms or on web sites
 - Sending unwanted/unsolicited email or talk requests
 - Posting private or public messages on Internet sites, social networking sites, and/or school bulletin boards
 - Installing spyware on a victim's computer
 - Using Global Positioning Systems (GPS) to monitor a victim
- Pursuing, following, waiting, or showing up uninvited at or near a residence, workplace, classroom, or other places frequented by the victim
- Surveillance or other types of observation, including staring or “peeping”
- Trespassing
- Vandalism
- Non-consensual touching
- Direct verbal or physical threats
- Gathering information about an individual from friends, family, and/or co-workers
- Threats to harm self or others
- Defamation – lying to others about the victim

Reporting Stalking:

West Liberty University encourages reporting of all incidents of stalking to Campus Police. Campus Police and the Title IX and/or/Judicial Coordinator will work together and with appropriate resources both on and off campus to provide additional support services to the victim while addressing the behavior of the perpetrator. The University can offer several support resources, including but not limited to alternate housing accommodations, counseling services, changes in academic scheduling, campus health services, no contact directives, etc. Additionally, the University may also seek restriction of access to non-students and/or non-employees to all or part of the University community in certain circumstances as appropriate.

For assistance obtaining these safety accommodations, please contact the Title IX Coordinator at (304) 336-8580 and/or Campus Police at (304) 336-8343. If safety is an immediate concern, victims are encouraged to contact law enforcement immediately: Campus Police at (304) 336-8021; or emergency services at 911.

Title IX – Sexual Misconduct, Sexual Harassment, Stalking, Domestic/Dating Violence

What is Title IX?

Title IX of the Educational Amendments of 1972 provides: “No person in the United States shall, on the basis of sex; e excluded from participation in, be denied the benefits of, or be subject to discrimination under any educational program or activity receiving

Federal financial assistance.” Sexual harassment of students, which includes acts of sexual violence, is a form of sexual discrimination prohibited by Title IX.

In addition to Title IX, West Liberty University’s policies regarding non-discrimination harassment, along with student code of conduct prohibit sex discrimination, sexual harassment, and sexual misconduct of any kind. Retaliation against anyone who makes a complaint or who participates in any compliant-related process is not tolerated.

Reporting Options for Title IX complaints

Non-Confidential Reporting: We encourage you to speak to University officials in order to make formal reports of incidents. You have the right to have incidents of gender-based misconduct taken seriously by the University when formally reported, and to have those incidents investigated and properly resolved through administrative procedures. Formal reporting means that only people who need to know will be told and information will be shared only as necessary with investigators, witnesses, and the accused individual. “Responsible Employee” means those employees in a leadership or supervisory position, or who have significant responsibility for the welfare of students or employees. Specifically, this term includes Title IX Coordinator; University Police Officers; Senior Administrators in Residence Life, Student Life, and Athletics; University Senior Administrators, including Senior Administrators within each College or School; Resident Assistants; Faculty; and Athletic Team Coaches and their Staff are required to report any possible misconduct disclosed.

Confidential Reporting: Any individual who has experienced an incident of gender-based misconduct should be aware, when consulting campus resources, of the confidentiality and privacy policies of different offices. When making a choice to report, it is important to know that most employees are mandatory reporters, required to take action if an incident is reported to them. There are confidential reporting options available, in which the staff member is not required to pursue further action through university procedures.

Weapons include but are not limited to the following: Firearms, BB guns, pellet guns, paintball guns, blowguns, bows and/or arrows, dangerous knives, firecrackers, ammunition, and other explosive material. Academic Policies and Procedures

Academic Integrity Policy

Academic integrity, in whatever form, belies the stated philosophy of West Liberty University “to promote the development of the intellectual, cultural, social, physical, emotional, moral, and vocational capacities of all persons within its sphere of influence.” Individuals who commit acts of academic integrity violate the principles which support the search for knowledge and truth. The academic community has established appropriate penalties and disciplinary action for such behavior. For full information on types of academic integrity, penalties, appeals, and procedures related to academic integrity, please refer to the University Catalog.

Grade Appeal Procedure/Policy

The grade appeal process is outlined in Procedure 221: Grade Appeals. For full details review online at <http://westliberty.edu/human-resources/university-policy-procedure/policy-no-221-grade-appeal-procedure/>. Grade appeal procedures specified in academic program handbooks supersede this procedure.

The evaluation of student performance is based on the professional judgments of instructors and matters of academic judgment cannot be appealed. Only final grades may be appealed. In a grade appeal, the student has the burden of proof in establishing cause for a grade change. The only bases on which a grade may be appealed are: (A) The instructor did not apply the same grading criteria to the appealing student as for other students; (B) The grade awarded was arbitrary, capricious, or prejudiced; or (C) The grade assigned was awarded as the result of an error in calculating, recording, or reporting a final grade.

Class Attendance Policy

Students should attend every class for which they are scheduled, as they are held responsible for all work covered in the courses taken. Irregularity in attendance may cause a student to become deficient scholastically and create the risk of receiving a failing mark or receiving a lower grade than he/she might have secured had he/she been in regular attendance.

A policy statement adopted by the Faculty Senate (1983) contains the following: “The students of West Liberty University depend upon the faculty, staff, and other resources. Faculty and students depend upon the class schedule for an orderly arrangement of instruction. Scheduled classes testify to the importance of ordered class instruction and the implicit benefit of class attendance for the students. Consequently, the policy of West Liberty University encourages all students to attend classes and all instructors to organize and conduct their courses accordingly.

Instructors must include their attendance policy in their course syllabi, which are available to students at the beginning of the term. No student is permitted to attend class until tuition and fees are paid or arrangements have been made for their payment. Students are not arbitrarily granted any class cuts. Failure to attend the first scheduled meeting of classes may result in the loss of the student’s position in those classes unless he/she has notified the instructor prior to the first meeting that he/she will be unable to be in attendance. All attendance policies go into effect upon the first meeting of class.

Regularly scheduled classes take precedence over all other activities. No penalty may be imposed upon a student for failure to perform curricular or extra-curricular responsibilities that are scheduled in conflict with a regular class.

Instructors may provide, within reason, opportunity for students who miss class for university-recorded curricular and extra-curricular activities (such as field trips, choir trips and athletic contests) to make up work. However, it is the student’s responsibility to initiate timely discussion on these matters with the faculty member of the regular scheduled class.

The Health Service does not provide students with excuse slips in the case of student illnesses.

For further information regarding class attendance, please refer to WLU Policy No. 229: Class Admission and Attendance.

Core Coursework /Transfer Agreement

The West Virginia Higher Education Policy Commission has established a process and format which enables students who transfer from one college or university to another to transfer core coursework that will count toward fulfillment of general studies

requirements at the receiving institutions. Under terms of the agreement, a student may transfer undergraduate coursework in the areas of English Composition, Communication and Literature, Fine Arts Appreciation, Mathematics, Natural Science, and Social Science as general studies credits. For further details on the above, please refer to the University Catalog or contact the Registrar.

Acceptable Computer Use Policy

The Appropriate Use Policy (AUP) is designed to help protect our customers (defined as registered students, faculty, and staff) and the Internet community, from irresponsible or illegal activities. As good net citizens, we prohibit the impersonation of others, unsolicited commercial appeals, and any disruption of Internet services. The Acceptable Use Policy is can be found in its entirety under [Board of Governor's Policy 50](#).

Dean's List

At the end of each semester the Registrar's Office prepares a Dean's List of students who have done outstanding scholastic work for that semester. To be eligible for the Dean's List, a student must complete a minimum of twelve (12) semester hours with a quality-point average of at least 3.50.

Graduation with Honors

Recognition is accorded candidates for graduation as follows:

Summa Cum Laude	3.9-4.00
Magna Cum Laude	3.70-3.89
Cum Laude	3.50-3.69

The grade point average of all courses at West Liberty University and that of all work transferred from other institutions must meet the grade point standard in each category of honors.

To be considered for graduation with honors, a student must have completed a minimum of 36 semester hours of credit for regular letter grade (A, B, C, D, F) at West Liberty University.

Withdrawal from Courses

A student who officially withdraws from a course by the end of the class day marking the two-thirds point of the semester or summer term shall receive a grade of "W." A grade of "WP" is given if a student officially withdraws from a course any time after the two-thirds point and before the last scheduled class meeting, providing he or she is passing the course at the time of withdrawal. A "WF" will be given if a student officially withdraws any time after the two-thirds point and before the last scheduled class meeting if he or she is failing the course at the time of withdrawal. A student who does not officially withdraw from a course shall receive a grade of "FIW," indicating failure because of improper withdrawal. Grades of "WF" and "FIW" are computed as "F" for grade-point average.

Students can drop courses in WINS until the last date to enroll for the respective semester/term. After the last date to enroll, students must email instructors and request to drop a course. The students should include the CRN for the course, course number & title, and their ID number. The instructor should be requested to email the Registrar's Office with this information to approve the drop. It is the student's responsibility to contact the instructor to have the course dropped. The official withdrawal date is the date indicated by the instructor. Withdrawing students receiving financial aid may be required to repay a portion of their financial aid in some cases.

Students cannot drop their last course in WINS.

Withdrawal from the University

Students who find it necessary to withdraw from the university during the course of a semester or summer term must complete the official withdrawal procedure. The necessary form may be obtained from the Enrollment Services Center. The Enrollment Services Center will review the form with the student. The withdrawal is not official until this form is received and processed by the

Enrollment Services Center. The final grade in each course will be determined by each instructor in accordance with the institutional grading policy.

Students not on campus can contact the Enrollment Services Center to withdraw from the University.

Students who leave the university without officially withdrawing will receive failing grades ("F") in all courses for which they are enrolled.

Policy Regarding Students Called To Active Military Service

West Liberty University's policy on students who are called to active duty can be found in the University Catalog, available online at <http://westliberty.edu/registrar/west-liberty-university-bulletin/>.

C. Violation of Law and University Discipline

1. University disciplinary proceedings may be instituted against a student charged with conduct that potentially violates both the criminal law and this Student Code (that is, if both possible violations result from the same factual situation) without regard to the pendency of civil or criminal litigation in court or criminal arrest and prosecution. Proceedings under this Student Code may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of the Vice President of Student Services and Judicial Coordinator. Determinations made or sanctions imposed under this Student Code shall not be subject to change because criminal charges arising out of the same facts giving rise to violation of University rules were dismissed, reduced, or resolved in favor of or against the criminal law defendant.
2. When a student is charged by federal, state, or local authorities with a violation of law, the University will not request nor agree to special consideration for that individual because of his or her status as a student. If the alleged offense is also being processed under the Student Code, the University may advise off-campus authorities of the existence of the Student Code and of how such matters are typically handled within the University community. The University will cooperate with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators (provided that the conditions do not conflict with campus rules or sanctions). Individual students and other members of the University community, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

ARTICLE IV: STUDENT CODE OF CONDUCT PROCEDURES

A. Charges and Judicial Board hearings

1. Any member of the University community may file charges against a student for violations of the Student Code. A charge shall be prepared in writing and directed to the Judicial Coordinator. Any charge should be submitted as soon as possible after the event takes place, preferably within five days.
2. The Judicial Coordinator may conduct an investigation to determine if the charges have merit and/or if they can be disposed of administratively by mutual consent of the parties involved on a basis acceptable to the Judicial Coordinator. Such a disposition shall be final and there shall be no subsequent proceedings. If the charges are not admitted and/or cannot be disposed of by mutual consent or at the discretion of the Judicial Coordinator based on the nature of the charge and/or possible sanctions, a hearing before the Judicial Board will be convened as outlined in Section A.3-A.7 below. If the student admits violating institutional rules, but sanctions are not agreed to, the hearing shall be limited to determining the appropriate sanction(s).
3. All charges shall be presented to the accused student in written form. A time shall be set for a Judicial Board hearing, not less than five nor more than twenty-five calendar days after the student has been notified. Maximum time limits for scheduling of Judicial Board hearings may be extended at the discretion of the Judicial Coordinator.
4. Judicial Board hearings shall be conducted according to the following guidelines except as provided by Article IV(A)(7) below:
 - a. Judicial Board hearings normally shall be conducted in private.
 - b. The complainant, accused student and their advisors, if any, shall be allowed to attend the entire portion of the Judicial Board hearing at which information is received (excluding deliberations). Admission of any other person to the Judicial Board hearing shall be at the discretion of the Judicial Board and/or its Judicial Coordinator.
 - c. In Judicial Board hearings involving more than one accused student, the Judicial Coordinator, in his or her discretion, may permit the Judicial Board hearings concerning each student to be conducted either separately or jointly.
 - d. The complainant and the accused student have the privilege to be assisted by an advisor they choose, at their own expense. The advisor may be an attorney. The complainant and/or the accused student is responsible for presenting his or her own information and, therefore, advisors are not permitted to speak or to participate directly in any hearings before a Judicial Board. If an accused student or complainant plans to bring an attorney to the hearing, notice indicating such must be provided to the Judicial Coordinator at least 48 hours prior to the hearing. A student should select as an advisor a person whose schedule allows attendance at the scheduled date and time for the Judicial Board hearing because delays normally will not be allowed due to the scheduling conflicts of an advisor.

- e. The complainant, the accused student and the Judicial Board may arrange for witnesses to present pertinent information to the Student Judicial Board. The University will try to arrange the attendance of possible witnesses who are members of the University community, if reasonably possible, and who are identified by the complainant and/or accused student at least two weekdays prior to the Judicial Board hearing. Witnesses will provide information to and answer questions from the Student Judicial Board. Questions may be suggested by the accused student and/or complainant to be answered by each other or by other witnesses. This will be conducted by the Judicial Board with such questions directed to the Judicial Coordinator, rather than to the witness directly. This method is used to preserve the educational tone of the hearing and to avoid the creation of an adversarial environment. Questions of whether potential information will be received shall be resolved in the discretion of the chairperson of the Student Judicial Board.
 - f. Pertinent records, exhibits, and written statements (including statements prepared by the accused student) may be accepted as information for consideration by a Judicial Board at the discretion of the Judicial Coordinator.

 - i. The Student Judicial Board's determination shall be made on the basis of whether it is more likely than not that the accused student violated the Student Code (the preponderance of the evidence standard).
 - j. Formal rules of process, procedure, and/or technical rules of evidence, such as are applied in criminal or civil court, are not used in Student Code proceedings.
5. There shall be a single verbatim record, such as a tape recording, of all Judicial Board hearings before a Judicial Board (not including deliberations). Deliberations shall not be recorded. The record shall be the property of the University.
 6. If an accused student, with notice, does not appear before a Judicial Board hearing, the information in support of the charges shall be presented and considered even if the accused student is not present.
 7. The Judicial Board may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the complainant, accused student, and/or other witness during the hearing by providing separate facilities, by using a visual screen, and/or by permitting participation by telephone, videophone, closed circuit television, video conferencing, videotape, audio tape, written statement, or other means, where and as determined in the sole judgment of the Judicial Coordinator to be appropriate.

 - c. Loss of Privileges—Denial of specified privileges for a designated period of time. Loss of privileges may include participation in campus events and organizations, including but not limited to campus life organizations, Greek fraternities and sororities, athletic teams, academic and extracurricular clubs, and organizations.  - m. Withholding Degree—The University may withhold awarding a degree otherwise earned until the completion of the process set forth in this Student Conduct Code, including the completion of all sanctions imposed, if any.
2. More than one of the sanctions listed above may be imposed for any single violation.
 3. Other than University expulsion or revocation or withholding of a degree, disciplinary sanctions shall not be made part of the student’s permanent academic record but shall become part of the student’s disciplinary record.
 4. A sanction of suspension or expulsion imposed by any college or university shall apply to the person sanctioned not only at the institution where the sanction was imposed but also at West Liberty University. A student who has been expelled from West Liberty University or from any college or university shall not be considered for admission to West Liberty University. A student who has been suspended from West Liberty University or from another college or university may be considered for admission to West Liberty University so long as (a) the terms and conditions of the suspension have been satisfied and (b) the individual is eligible for re-admission to the other college or university or, if suspended from West Liberty University, is eligible for re-admission to West Liberty University.
 5. The following sanctions may be imposed upon groups or organizations:
 - a. Those sanctions listed above in article IV (B) (1) (a)–(e).

 - c. Deactivation. Loss of all privileges, including University recognition, for a specified period of time.
 6. In each case in which a Judicial Board determines that a student and/or group or organization has violated the Student Code, the sanction(s) shall be determined and imposed by the Judicial Coordinator. In cases in which persons other than, or in addition to, the Judicial Coordinator have been authorized to serve as the Student Judicial Board, a sanctioning recommendation of the Judicial Board shall be considered by the Judicial Coordinator in determining and imposing sanctions. The Judicial Coordinator is not limited to sanctions recommended by members of the Student Judicial Board. Following the Judicial Board hearing, the Judicial Board and the Judicial Coordinator shall advise the accused student, group and/or organization (and a complaining student who believes s/he was the victim of another student’s conduct) in writing of its determination and of the sanction(s) imposed, if any. Those documents will be available in the Office of Student Services one school day after the end of the hearing.

C. Interim Suspension

In certain circumstances, the Vice President of Student Services, or a designee, may impose a University or residence hall suspension prior to the Judicial Board hearing before a Student Judicial Board.

1. Interim suspension may be imposed only: 1) to ensure the safety and well-being of members of the University community or preservation of University property; b) to ensure the student’s own physical or emotional safety and well-being; or c) if the student poses an ongoing threat of disruption of, or interference with, the normal operations of the University.
2. During the interim suspension, a student shall be denied access to the residence halls and/or to the campus (including classes) and/or all other University activities or privileges for which the student might otherwise be eligible, as the Vice President of Student Services and/or his/her designee may determine to be appropriate.
3. The interim suspension does not replace the regular process, which shall proceed on the normal schedule, up to and through a Judicial Board hearing, if required.

D. Appeals

- a. A decision reached by the Judicial Board, or a sanction imposed by the Judicial Coordinator may be appealed by the accused student(s) or complainant(s) to the Vice President of Student Services within five (5) school days of the decision. However, the president may appoint a different administrator to hear an appeal, e.g., when the Vice President of Student Services recuses himself or when a conflict of interest exists. Appeals shall be in writing and shall be delivered to the Judicial Coordinator or his or her designee.

- b. Except as required to explain the basis of new information, an appeal shall be limited to a review of the record of the Judicial Board hearing and supporting documents for one or more of the following purposes:
 - a. To determine whether the Judicial Board hearing was conducted fairly in light of the charges and information presented, and in conformity with prescribed procedures giving the complaining party a reasonable opportunity to prepare and to present information that the Student Code was violated and giving the accused student a reasonable opportunity to prepare and to present a response to those allegations. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice is demonstrated.
 - b. To determine whether the decision reached regarding the accused student was based on substantial information, that is, whether there were facts in the case that, if believed by the fact finder, were sufficient to establish that a violation of the Student Code occurred.
 - c. To determine whether the sanction(s) imposed were appropriate for the violation of the Student Code which the student was found to have committed.
 - d. To consider new information, sufficient to alter a decision or other relevant facts not brought out in the original hearing, because such information and/or facts were not known to the person appealing at the time of the original Judicial Board hearing.
- c. If an appeal is upheld by the Vice President of Student Services or by the President's appointee, the matter shall be returned to the Judicial Board and Judicial Coordinator for re-opening of Judicial Board hearing to allow reconsideration of the original determination and/or sanction(s). If an appeal is not upheld, the matter shall be considered final and binding upon all involved.
- d. In cases where the sanction imposed is university suspension or expulsion, an additional appeal may be made to the president of the institution following the same steps as outlined in D.1, D.2, and D.3 above.
- e. In disciplinary cases where the institutional sanction is expulsion, the Board of Governors may, pursuant to such procedures as it may specify, grant an appeal from the disciplinary action of the President on the record of the case submitted and on leave of the Board of Governors first obtained. A student desiring to appeal the sanction of expulsion must, within three (3) working days, indicate to the president in writing the intent to appeal the decision to the Board of Governors. A written petition of appeal must be filed with the Board of Governors within fifteen (15) days of the President's decision. If the Board of Governors determines that the petition will not be heard, the decision of the president of the institution is affirmed and sanctions imposed therein shall be effective upon the president's receipt of the statement of denial. If the appeal is granted, the sanction imposed by the president's decision shall be stayed until the Board of Governors makes a final decision after a review of the case. In the event the decision of the president is affirmed after such review, the person appealing, and the president shall be notified by certified mail and the sanction shall be effective immediately upon receipt by the president of the decision rendered by the Board of Governors. In reviewing student appeals involving the sanction of expulsion, the Board of Governors will review all relevant information and records of applicable institutional disciplinary proceedings to ensure that due process has been afforded. In any case of any review of disciplinary action, the Board of Governors may take such action as it deems reasonable and proper in all the circumstances and in answer to all its responsibilities under the law.

ARTICLE V: INTERPRETATION AND REVISION

- A. Any question of interpretation or application of the Student Code shall be referred to the Vice President of Student Services or his or her designee for final determination.
- B. The Student Code shall be reviewed every year under the direction of the Judicial Coordinator.

Housing & Residence Life Information and Procedures

We are glad to have this opportunity to welcome our new students to West Liberty University's residence hall community and to help prepare you for life in a residence hall. One meaningful part of the college education is the learning that comes from living with others. A good deal of adjustment occurs in the transition from high school to college and from home life to residence hall life, and sometimes even from freshman to sophomore year. West Liberty's Residence Life Program is designed to help you make personal, social, and academic adjustments in as healthy a way as possible, and to make your living experience both educational and enjoyable.

Community Living Standards

Building a Roommate Relationship

One of the first people you will meet after moving into your room will be your roommate and/or suitemate(s). If you did not pre-select your roommate, you might be curious about the way you were matched. Room assignments for new students are made based on the date that the Housing Application and \$100.00 damage deposit are received by the Office of Housing & Residence Life. Our Coordinator for Residential Enrollment makes every attempt to honor mutual roommate requests whenever possible. If you did not seek a specific roommate, we have attempted to match you with someone based on a practical combination of the answers you provided on your Interest Survey portion of the Housing Application form and the arrival date of the application at the Housing Office.

Having a good roommate/suitemate/floormate is often as easy as **being** a good roommate/suitemate/floormate. Perhaps the best advice ever given to people living together can be summed up in just one word: communication. Each person should share feelings, habits, attitudes, ideas, moods, and backgrounds in a constructive and positive manner. We understand living in close quarters with a person you do not yet know can be somewhat frightening and challenging. But it is also an opportunity to build a relationship based on mutual respect, appreciation for individual differences, and the commitment to discuss the day-to-day issues and problems that arise. There is no such thing as a "perfect roommate" or a person who is a clone of you. You do not have to be best friends to be successful roommates.

In order to reduce potential friction and unexpected (and disappointing) surprises, vast experience in this area reinforces that you immediately sit down with your roommate upon arrival and discuss all of the following:

- ❖ Family...
- ❖ How you would like to arrange the room...
- ❖ What property you are willing to share...
- ❖ Normal study habits...
- ❖ How much sleep you need...
- ❖ Considerations when guests visit the room...
- ❖ Times when guests are not preferred...
- ❖ Weekend social activity preferences...
- ❖ Interests and activities...

While most roommates succeed in resolving their differences, there are times when outside help is needed. If you are unable to study or sleep because of your roommate, let your Resident Assistant know as soon as possible. The first step the Resident Assistant will take is to mediate a discussion between roommates to try to solve the problem.

Residence Hall Community

The residence hall is a community in which students are the main ingredient. We believe a residence hall is more than a place to relax between classes. Ideally, it is a vibrant and active community, the center of Residence Life. The Residence Life staff encourages you to develop an awareness of the many opportunities that this special living arrangement presents daily, and challenges you to utilize this setting to increase strength in citizenship and leadership.

To make a community function, it is very important to ensure that the rights of individuals are respected. We urge each resident to act responsibly toward the rest of the community as well as to himself or herself. It is important that each person's actions contribute to the development of a strong, balanced community within the residence halls.

Valuing Diversity

The Office of Housing & Residence Life cannot and will not discriminate based on race, ethnicity, gender, disability, religion, sexual orientation, gender identity or age. Beyond the law, we are strongly committed to providing an environment free of discrimination, prejudice, or harassment. To grow and develop, students must be respected and valued by other members of their community for the person they are and what they want to become.

Accessibility Accommodations

If you have a diagnosed condition covered under the Americans with Disabilities Act which warrants housing accommodations, you are strongly encouraged to begin the process for accommodations as early as possible after acceptance to the university. An [accommodations form](#) is available on the website to be completed by licensed physician or clinician with history of treating you for the diagnosis requiring accommodation. This form will be reviewed and a member of the staff will contact the student regarding the accommodations request. Additional documentation may be required for some accommodation requests, such as emotional support animals or service dogs. ADA policy requires the university to meet reasonable accommodation requests at the same cost that the opportunity would be met for other students. For example, an accommodation request for a private room will guarantee the private room, but at the same additional cost that any student would pay for a private room at the same facility. Questions can be submitted via email at residencelife@westliberty.edu or at (304)336-8345.

Safety

Students are encouraged to exercise common sense regarding personal safety. Each student must take an active part in his or her own personal safety and the safety of other community members. WLU Police Officers work closely with professional and para-professional Housing & Residence Life staff personnel, as well as the Ohio County Sheriff's Department, WV State Police, and other necessary law enforcement agencies. Both the WLU Police Officers and the Residence Life staff members on duty are available to receive emergency telephone calls from anyone on campus or associated with the University. All WLU Police Officers have direct radio contact with local law enforcement agencies. To encourage accurate reporting of crimes and incidents, a formalized "Incident Report" is completed after each known event.

What **YOU** can do to enhance **YOUR OWN** personal safety:

Personal Safety:

- ❖ Avoid walking alone, especially at night.
- ❖ Walk in well-lighted areas.
- ❖ Walk clear of any area with heavy foliage.
- ❖ Be alert and aware of your surroundings at all times.
- ❖ Refrain from propping open locked residence hall doors.
- ❖ Have strangers identify themselves before unlocking any room door.
- ❖ Keep your room door locked at all times.

Vehicle Security:

- ❖ Remove property from plain view.
- ❖ Roll up vehicle windows.
- ❖ Remove keys.
- ❖ Lock all doors.
- ❖ Park in a well-lighted area whenever possible.

Personal Property Safety:

- ❖ Secure all valuables left in your room.
- ❖ Mark all valuables with your identification information. Register electronics and other items at time of purchase. Keep record of serial numbers and other identifying information in separate location.
- ❖ Remember to lock the door(s) and window(s) to your personal room each time you leave and when you are sleeping.
- ❖ Lock your room door even when you are "just going down the hall for a moment".
- ❖ Pre-plan a course of action in the event of lost or stolen credit cards, checks, or money.

Though campus, local and state crime rates are reassuring, West Liberty University and the Office of Housing & Residence Life encourage students to take all precautions toward their own personal safety and the security of their possessions.

The Housing & Residence Life Staff

Professional Staff

The Executive Director of Housing & Residence Life provides leadership, administration, coordination, and evaluation for the entire Housing & Residence Life program, as well as Student Conduct, New Student Orientation, and campus fitness facilities. Several residential areas are directly administered by full-time professional staff members called Area Coordinators, or ACs. The remaining residence halls are directly managed by experienced undergraduate or graduate Hall Directors but fall under an Area Coordinator umbrella. The ACs live in the residence hall he/she is coordinating and support the Residence Life staff. ACs have earned at least an undergraduate degree, and are specially trained in counseling, communication, problem solving, First Aid/CPR, fire safety, and other areas important to facilitating life in a residence hall. Apartment complexes and student houses are all directly managed by Graduate Assistants, who are supervised by a Hall Director.

Graduate Assistants

Housing & Residence Life employs three graduate assistants (GAs) to help with various responsibilities in the department. GAs are responsible for assisting in the office duties and participating in the central staff duty rotation for the entire campus.

The GA for Housing and Wellness assists in management of the Wellness Center and Krise Fitness Center, as well as wellness programming in residence life and coordinating housing accommodation needs. The GA for Student Conduct assists all aspects of the Student Conduct processes and record keeping, as well as Clery Act compliance. The GA for Recruitment through Social Media assists the division of enrollment and student services in social media campaigns for recruitment and retention efforts.

Resident Assistants

Every residence hall has a staff of Resident Assistants. These students live on each floor as representatives of the Student Life staff. The RAs are skilled paraprofessionals who have been trained in many areas to make the student's experience in the residence hall healthy, safe, fun, educational and memorable.

Student Life Training, Philosophy and Programming

Other than training for specific job requirements (such as first aid/CPR, confrontation management, fire safety, etc.), your residence hall staff participates in training to enhance their communication and helping skills. The Residence Life staff's primary function is to act as a resource of information and aid to residents with questions or in times of crisis. If you are having difficulties in any areas, your Resident Assistant, Hall Director, Area Coordinator, or the Executive Director are available to help you find the solution or to find the person who can most help you with the problem.

The RA Selection process is approximately a month-long process of interviews, group discussions, and information sessions to aid us in finding staff members who will meet the goals of our department. If you have interest in becoming a member of the Residence Life staff, we encourage you to ask questions and discuss your interest with any member of the current staff.

Staff Duty Hours

Residence Life Staff, including one central staff member (Graduate Assistant, Area Coordinator or Executive Director of Housing & Student Life) who covers the entire campus and one or more RA's working in each building, are on active duty from 7:00pm until 12:00 midnight daily. Professional staff duty responsibilities include coordination and support for the RA staff. This is done, in part, by completing nightly campus-wide walking tours. The RA on duty is available to answer questions, maintain building safety and oversee other services. To ensure student safety, the RA on duty also makes specific building rounds of the residence hall and is required to sleep/remain in the facility throughout the night in case of an emergency.

Custodial Staff

Each residence hall has housekeeping staff which work routine daytime hours, Monday through Friday. The building custodial personnel are responsible for the general upkeep and appearance of the facility's public areas but are not expected to clean any

intentional mess left by students. Custodial staff obligations do not include cleaning individual student rooms, or suite bathrooms in any residence hall.

The Residential Facilities

Housing Assignments and Room Selection

During the spring semester, students can sign up for rooms for the following academic year. Signs with information, dates, and proper procedure are posted in the residential areas prior to the Room Selection process beginning. Information is also posted on our website and social media and communicated through WLU email addresses for current residential students. The Office of Housing & Residence Life reserves the right to assign, reassign, and adjust room assignments if required, but will notify the student prior to check-in for the fall semester.

Single rooms are permitted if space allows in each individual residence hall but are not guaranteed until check-in each semester. Students with documented ADA needs are the only students who are guaranteed single rooms during selection and will be billed the same single room rate as any student would. All other students are required to sign up for a room with a roommate or will be assigned a roommate during the selection process.

Room Changes are permitted at any time based on the request of the student. Students must complete a Room Change Request form, approved by a central office staff member, prior to physically moving to their new room. Requests are granted based on space availability and housing requirements.

New and Transfer Student Housing Assignments will be completed by the Area Coordinator for Residential Enrollment. New applications require a \$100 Damage Deposit before they can be processed. The Area Coordinator for Residential Enrollment will make every effort to honor students' roommate and building requests, and other preferences. Suitemate requests cannot be guaranteed, but every effort will be made to meet those requests. Students who do not have a specific roommate requests are asked to fill out the Room Application completely and honestly so that they may be placed with a roommate with like interests and lifestyle.

Housing Contracts are signed prior to students' check-in to their rooms and are legally binding for one academic year. If a student wishes to be released from their contract during the fall or spring semester, they must complete the housing cancellation/request to be released from the housing contract form online. This request will be reviewed, and a decision emailed to the student's WLU email address. A student can appeal this decision to the Residence Life Review Board. The Residence Life Review Board will review the student's request, as well as their student records before rendering a decision. If a student is not released from the contract without penalty but wishes to be released from the contract at mid-year, between the fall and spring semester, they will be required to pay a fee of \$425 for contract termination. Twelve-month lease options are available by request for apartments.

Residential Policies and Procedures

The following document encompasses a vast number of policies and procedures that may at first appear overwhelming and limiting. However, the following should appear to residents as our assurance to you of a residential environment that is safe, conducive to study, respectful and enjoyable. The expectations outlined are applicable to all residents and their guests and provide everyone who resides in the residence halls with the ability to focus on their educational goals.

You will find two documents attached. The first is the *Community Living Standards*. This document divides the expectations of living in a residence hall into five very important sections, Academic Environment, Facilities, Physical and Psychological, Safety and Security, and Substances. The second document, *Residential Procedures* includes more detailed information about *Community Living Standards* and expands upon some administrative and procedural items you are obligated to as a residential student.

Living on campus is a choice as well as an earned privilege. You are choosing to become part of a community, and your commitment to it allows you to continue to reside on campus for the duration of your career at West Liberty University. However, no one can operate in a community independently. Your decisions and actions will affect twenty to over a thousand other individuals, and that may require you to change your habits or preferences. Membership in the community is a two-sided coin. First, you have an obligation to others to adhere to the expectations, policies and procedures outlined. Second, you have an obligation to respectfully ensure that other residents adhere to the same expectations, policies, and procedures. Student Resident Assistants are employed by the University to support your residential environment. The presence of Resident Assistants in your building does *not* eliminate nor reduce your obligation to speak up for yourself, to expect respect from others or to assist in the process of identifying and solving problems in the residential community.

Although there are significant responsibilities associated with residential living, as well as great advantages. Access to campus resources, opportunities for social interactions and the ability to make long lasting friendships will increase enormously because of residency on campus. We hope you will consider residential living a key component in your University experience and you will contribute positively to a residential environment that is supportive of academic pursuits.

Residential Procedures

The following is a compilation of policies and procedures for students living in campus housing, including residence halls, apartments, and houses. Residents agree to abide by these policies as part of the terms and conditions of the residence hall contract. Policies and procedures may be added or adapted during the term of the residence hall contract with written notification to residents. Terms and conditions of the residence hall contract are outlined, as are policies and procedures pertaining to life in a residence hall community.

Abandoned Property

Any personal property left or abandoned by a resident or his/her guest in a residence hall (including common areas), unless claimed within 10 days, shall be deemed the property of the University. The University may use, dispose of, or sell the personal property after no claim has been made for it within 10 days. The resident absolves any claim for abandoned property after 10 days.

Apartment/House-Specific Policies

Students living in apartments and houses have the opportunity for different policies regarding lease length, appliances, roommate selection, and pets.

Students in houses and apartments are permitted to have kitchen appliances, in the kitchen only, and utilized under the supervision of the residents. Kitchen appliances, other than oven/stove, refrigerator, dishwasher, and microwave must be unplugged when not in use for safety reasons.

Students living in apartments are permitted to have some pets approved, other than Emotional Support Animals or Service Animals. Pets must be pre-approved by the Housing Office, will require an additional damage deposit, and can not include cats, dogs, or snakes.

Apartments and houses are gender neutral housing. Any roommate request will be granted providing the roommates meet all criteria to live in the facility, and all roommates agree on the requests.

Students living in leased apartments (not including the Commons Apartments), can request a 12 month lease at an additional cost.

Cable

All residence hall rooms are equipped with a cable television hook-up, providing access to campus television channels. Cable and internet service are provided by Comcast/Xfinity. Information is available online and posted throughout buildings to directly contact Comcast/Xfinity for service issues.

Campus Computer Network

All residential facilities will have Wi-Fi internet through Comcast. Residents of campus housing who utilize residence hall connectivity agree to abide by any Acceptable Use Policies published by the University.

Cancellation of Housing Contract Procedure

Housing contracts are issued for the entire academic year (fall and spring semesters) for students entering in the fall. Students entering the spring semester are issued contracts for the spring semester only. Residents may not cancel their residence hall contract to move to another facility that is not owned by West Liberty University, such as private off-campus housing, after signing this contract. Cancellation of the housing contract mid-semester or mid-year is automatic upon withdraw from courses or residential suspension resulting from student conduct sanctions. Students who are removed from the residence halls as the result of student conduct sanctions will not receive a refund of any room and board fees. The resident is responsible for notifying the Office of Housing and Residence Life of withdraw from classes and completing the required residence hall checkout. Failure to checkout from the residence halls within 72 hours of withdraw from courses or residential suspension will result in a \$20.00 improper checkout, and any refunds will be forfeited. Cancellation of the housing contract is required through the [online cancellation form](#). Notifying other University departments will not be considered a housing cancellation. Residents may cancel housing through the [online cancellation form](#). Room

and board refund rates for students who withdraw from West Liberty University classes mid-semester are outlined in the Housing Contract.

The University may terminate the contract on non-disciplinary grounds when a student:

- Signs a contract in advance of enrollment and then becomes ineligible to enroll, or does not enroll in the University
- Withdraws from the University or otherwise becomes ineligible to live on campus before the contract expires
- Has documented health or psychological reasons or changes in financial circumstances that necessitate the termination of the contract. These requests must be submitted through the [online cancellation form](#) and include supporting paperwork, i.e., ADA documentation supplied by the Student Success Center. Written requests to be released from the Housing Contract for non-disciplinary reasons will be subject to review and approval by the Executive Director. Denials can be appealed through the Residence Life Review Board. Further information below.
- Leaves West Liberty University during the term of the contract to pursue a study abroad program or off-campus internship, including student teaching.

The University and the student may terminate the contract by mutual agreement for compelling extenuating circumstances. All requests to cancel contracts must be submitted in writing. The Executive Director of Housing and Residence Life will review all written requests for contract cancellation to the Student Life Review Board. Notification of approval of cancellation request will come from the Executive Director of Housing & Residence Life or the appeals committee of the Residence Life Review Board. The Office of Housing and Residence Life will not be liable for promises or actions of any non-authorized University staff member regarding contract regulations. Reasons that may support a contract cancellation generally fall under three categories: medical circumstances; extreme financial hardship not present or known at the time of contract signing; and special or mitigating factors also not known at the time of contract signing. In presenting these circumstances, residents must make a reasonable case that their concerns cannot be alleviated by relocating to other residence hall accommodations. At the close of the fall semester, those students who do not meet the requirements to be released from their contract may opt to pay an early termination fee to be released early from their contract. This fee is \$425 and only available between fall and spring semesters.

Care and Cleaning of Rooms and Suite Bathrooms

Residents are required to maintain a room that is a clean and healthy environment. Personal responsibilities for room cleaning include regular disposal of personal trash to trash rooms, vacuuming, and routine laundry washing. Residents who reside in Krise, Hughes, Bonar and Beta Halls are responsible for cleaning their own bathrooms on an ongoing basis. Residents who fail to clean the bathroom in their suites may be reassigned to halls with common restrooms.

Check-out Procedures

As residents vacate their room either at the end of the academic year or based on a contract cancellation or room change, proper checkout procedures must be completed to avoid additional charges. Residents who do not complete checkout procedures at their residence halls may continue to be held responsible for all room and building damage charges until their checkout date is officially recorded via their signature on official checkout materials. All residents who fail to complete proper checkout procedures are subject to a \$20.00 improper checkout charge. Additionally, rooms must be cleaned, and furniture returned to the positions of initial setup at the beginning of the year.

Common Area Space Utilization

Residence hall common areas may be reserved, on a priority basis, by residents of the hall. Individual residents and resident groups may sponsor and hold functions in some common areas of the halls. Lounges should be reserved in advance in accordance with specific building policies. Events scheduled by resident staff and residential academic programs will be given priority for reservations. Sponsors of events or programs are responsible for set-up and clean-up. If the area is not cleaned, or is not cleaned to match its original condition, sponsoring groups may be assessed cleaning costs at the prevailing custodial rate. Sponsoring groups may also be assessed for damages to the building and facilities resulting from use of public space.

Custodial Services

Each residence hall community has a custodial staff that works to provide a pleasant living environment. Students are responsible for the cleanliness of their own rooms and are expected to support the housekeeping staff by disposing of trash and leaving all public areas in clean condition. Personal trash may not be left in public areas. Public areas include lounges, kitchens, hallways, hall/suite bathrooms, study rooms, stairways, and lobbies. Problems with residents not leaving these areas reasonably clean after use may result in billing charges to floor residents for additional cleaning. (See also *Damage Assessment*)

Damage Assessment

Charges will be assessed for students who are responsible for damage to a room or to any part of a residence hall throughout the term of the contract. Residents may be billed directly for repairs, cleaning, furniture replacement, lost or non-returned keys or other Housing-supplied equipment. End-of-semester damage assessment notices are mailed to the resident's forwarding address. Students must respond within (7) days to appeal any of damage charges. The Executive Director of Housing & Student Life reserves the right to forward damage appeals to the Residence Life Review Board for review and decision. In public areas of residence halls, including but not limited to lounges, hallways, kitchens, elevators and bathrooms, the replacement or repair costs for damage are assessed to an individual when responsibility can be determined. However, when individual responsibility for damages cannot be determined, the residents of a floor, suite, wing, or entire hall are collectively responsible for repair or replacement costs. All damage and excessive cleaning charges will be deducted from the student's \$100.00 damage deposit. If a student's damage deposit balance falls to or below \$0.00, the student will be responsible for bringing the balance back to \$100.00 as a condition of continued living in the residential facility.

Early Arrival

Students who are participating in University-affiliated activities prior to the official start date of the housing contract will be permitted to move into their permanent room assignment. Students must make individual arrangements with their advisor, coach, or sponsor of the University affiliated activity and be officially registered as an early arrival with the Office of Housing and Residence Life. Requests to arrive early may be denied if sufficient time is not offered for the staff to prepare for the students' arrival, therefore, early arrival requests should be made as early as possible. Additionally, early arrival request may be denied if they do not meet specific criteria to warrant early arrival.

Students not permitted to arrive on campus early, and who attempt to do so, will be escorted from the residence halls by WLU Police. The University will not be responsible for accommodations for students who arrive on campus early without permission. Such students will be responsible for providing their own transportation back home and/or finding alternative accommodations until the official opening of the residence halls.

Eligibility to Live in Campus Housing

Campus housing is available to all full-time students. Students with less than 12 credit hours (undergraduate) and 6 hours (graduate) may request housing but are not guaranteed availability. The Office of Housing and Residence Life reserves the right to cancel the Housing Contract of residents with less than full-time status at any time in the semester or year if space is needed for a full-time student or as a student conduct sanction if disciplinary problems arise. Housing assignments are made according to assignment priority as published in the spring at Room Selection. Residency is granted based upon expectation that the resident is attending classes in which he or she is enrolled. Residents are expected to be attending class regularly. If there is evidence that a resident is not attending classes on an ongoing basis, particularly if the resident is found responsible for a violation(s) of the Community Standards or Student Code of Conduct, privilege to reside in the residence halls may be suspended consequently.

Furniture

All furniture in public areas and residence hall rooms is University property. It is not to be removed for use in spaces other than its original location. Damaged or missing furniture in residence hall rooms will be billed to the residents. Damaged or missing furniture in public areas may be subject to Group Damage Charges to all the residents of the floor or building. Waterbeds are not permitted in the residence halls. Bunk beds may be bunked according to the specifications for a bunking kit that is provided by the University. (Bunking kits available in some halls on a first come, first served basis.)

Group Damage Charges

In public areas of residence halls, including but not limited to lounges, hallways, kitchens, elevators and bathrooms, the replacement or repair costs for damage are assessed to an individual when responsibility can be determined. However, when individual responsibility for damages cannot be determined, the residents of a floor, suite, wing, or entire hall are collectively responsible for repair or replacement costs.

Habitual Offender

Habitual Offenders may be residentially suspended for continued interruption of the residential community. Habitual Offenders are those who amass a specified number of minor offenses during their College career. The Habitual Offender is one who is found responsible for:

- Three incidents in one academic year
- Four incidents in two academic years
- Five total incidents

Health and Safety Inspections

Health and Safety Inspections will be conducted by the Residence Life staff once per month in each residence hall and twice monthly in apartments and houses, at a time posted and announced 48 hours in advance. Inspections are intended to ensure residents are maintaining safe furniture placement and equipment in accordance with fire code and that the room is a clean and healthy environment free of trash. Other violations found during Health and Safety Inspections will be addressed in the appropriate manner, i.e., through the campus judicial process. Residents have 24 hours to rectify any health and safety concerns discovered and communicated by Residence Life staff. Repeated health and safety violations may result in judicial sanction, including but not limited to fines, reassignment, or loss of housing privileges. In clarification, large appliances and furniture provided by the University, as well as walk-in closets, are subject to inspection. (See also, *Care and Cleaning of Rooms and Suite Bathrooms*)

Holiday and Break Periods

All halls are closed during official University holiday periods (including Spring Break and the Winter break). Students who need housing accommodations during this period must seek housing with friends or off campus alternatives. Exceptions are made for international students and students who have official reasons to stay including athletics and student teaching. Details and procedures about housing arrangements during break periods are published prior to each break period. Students are required to vacate the premises within 24 hours after completion of their last scheduled examination during final examination week or by the official closing time and date of the residence hall, whichever is earliest. During the times that the residence halls are closed for break periods, entry by residents is prohibited. If emergency access is necessary during office hours, students must contact WLU Police at 304-336-8021 and the officer will contact the Residence Life staff member on call.

During times when the residence halls are officially closed, no guests are permitted in the residence halls. This includes residents who have checked out at the close of each semester. All residents will complete a form notifying RA staff of their date and approximate time of check out for closing.

Identification Card (Topper Card)

All residents receive a West Liberty University identification card.

The card purposes include:

- Identification
- Residence Hall Building Entry
- Meal Card
- Laundry Card
- Topper Dollar Card

Residents must carry identification at all times. Unauthorized use, possession, or duplication of an identification card for any purpose is prohibited. In cases when one individual allows another to utilize his or her card for any reason, including entering a building or using a meal, both the card owner and the user will be held responsible for violations of the Community Standards and the Student Code of Conduct.

Illegal Entry/Trespassing

Unauthorized entry into any residential area or facility, including restricted access areas of residential facilities, is strictly prohibited. These areas include, but are not limited to, any place that is officially closed, restricted only to designated persons (including other residents' rooms, roofs, etc.), or where the safety and welfare of residents could be endangered.

Keys

Each resident is issued a room key when checking into the residence hall. Unauthorized use, possession, or duplication of residence hall keys is strictly prohibited. Residents are responsible for carrying their room keys at all times and to avoid losing or misplacing them. Residents who repeatedly lock themselves out of their rooms may be subject to charges for lockouts. Resident Assistants (RAs) are not intended to serve as access providers. After three responses to lockouts, the student will be asked to produce their room key. If the resident cannot produce their key, a lock change will be ordered, and the student will incur the \$150.00 charge for replacement. If the resident can produce their key, they will be charged a \$25.00 fine for each subsequent lockout throughout that semester. To ensure security, any lost key must be reported to the Office of Housing and Residence Life. A lock change will then be requested, and the \$150.00 cost will be assessed to the student. At the end of the year, residents must return room keys to the Office of Housing and Residence Life, or they will be billed a replacement charge. If a key is returned within two months of the lock change, a \$50 fee will be assessed and the lock change fee removed.

Kitchens

Some residence halls have community kitchens equipped with an electric range, microwave, sink and food preparation area. Residents use their own cooking utensils in these kitchens and are responsible for keeping these areas clean after use. Frying on stove tops is prohibited.

Laundry Facilities

For your convenience, card-operated laundries are located in the residence halls, and coin-operated are available for apartments and houses. Residents are expected to help keep the laundry rooms clean and report any malfunctioning machines to the Housing & Residence Life Office.

Limited Access

All campus residence halls have 24-hour limited access. All exterior doors are locked 24 hours a day. Residents' student ID cards will access exterior doors in the building in which they reside only. Allowing non-residents to enter a residence hall without an escort is strictly prohibited.

Lofts

West Liberty University does not provide lofts to students. The student can request to bring their own loft. The loft must be sturdy construction and must allow enough room for the student to sit on top of the bed without touching the ceiling. Any spare parts from the university-provided bed must remain in the room. The student assumes responsibility for safety and liability of the constructed loft. The University maintenance staff will not be responsible for assisting with assembling, constructing, or maintaining personal lofts.

Lounges

All residence halls have some type of lounge and/or recreational facilities that are typically furnished with couches, chairs, tables, and televisions. Residents and hall staff frequently use these areas for meetings, programs, studying and socializing. Pool equipment, where present, must be signed with a student ID. The student who signs out the equipment utilizing his or her ID is responsible to any damage to the equipment, table, or recreational area.

Mail

Residential students will receive a mailbox in the College Union for the academic year. Information about mailbox access and the proper addressing of mail will be sent to students prior to the fall semester. Residents MUST use the addressing format the University provides, or delivery of mail will not be guaranteed. The University DOES NOT forward mail over breaks or in the summer. Break mail will be held for student return. Any mail received after spring semester end will be marked "Return to Sender" unless the student is a

summer on-campus resident. Residents are responsible for ensuring that they take the proper steps to notify sender of their departure date and new address.

Maintenance, Repairs, and Pest Control

Motorcycles, mopeds, or motorbikes may not be parked or stored inside of a residence hall, on walkways, on access ramps, or under the framework of a residence hall. Any motorcycle, moped or motorbike parked in violation of the aforementioned restrictions, or considered abandoned, lost, or stolen is subject to impoundment by the University.

Network Access

All residence hall rooms are wired for one cable TV and Wi-Fi through Comcast. Students can contact Comcast directly for any connection issues. The RA will have information sheets for troubleshooting and contacting Comcast.

Personal Property Liability

The University does not ensure students' belongings and is not liable for loss, theft, or damage. Students are encouraged to check with their family's insurance provider to determine how their homeowner's/apartment dweller's policy might cover their personal property. If this coverage is not provided, students are strongly encouraged to obtain personal renter's insurance.

Pets/Aquariums

For health and safety reasons, pets are prohibited in the residence halls. The only exception to this policy is fish. Students having a prohibited pet will be asked to remove it and disciplinary action will be taken. Residents will be given a reasonable deadline to remove the animal from the premises permanently. Failure to do so may lead to confiscation and removal of the pet by Student Life staff or the appropriate local authorities. Residents may be assessed a fine as well as any associated cost for any pest control or cleaning. Residents are permitted to keep fish in their room providing: (a) the fish tank size does not exceed 10 U.S. gallons; (b) all residents of the room agree to have a fish tank in the room; and (c) all appropriate precautions are taken to ensure that the electrical connection to the fish tank is safe.

Recreational Equipment

Riding a bike, scooter, skateboarding, or rollerblading and use of outdoor sporting equipment such as balls, Frisbees, golf clubs, bats, lacrosse sticks, etc. are prohibited inside of all residence halls because of the risk of unintended injuries, accidents, and potential property damage. Possessing or using any motor-driven vehicle inside a residence hall is also prohibited, except for devices utilized by a person with a disability.

Residence Life Review Board

The Residence Life Review Board will review all appeals for cancellations of room and board after contract signing (not including cancellations that coincide with withdraw from classes) and appeals of damage charges as forwarded by the Executive Director of Housing and Student Life. The Executive Director of Housing and Student Life may also consult the Residence Life Review Board in matters that include special circumstances regarding billing or housing policies. The Residence Life Review Board will consist of a membership including; representatives from the Business Office, Financial Aid Office, one student, Executive Director of Housing & Residence Life, and an Area Coordinator.

Roofs, Ledges, and Balcony Areas

The presence of individuals or objects on roof, balcony or ledge areas is prohibited at all times. Roof, balcony, and ledge areas are restricted for safety reasons and for protection of property.

Room Changes

The University may require residents to move to other accommodations in University-owned and operated facilities if it is determined by Housing and Student Life to be in the best interest of the resident and/or other occupants of the residence hall community to do so. In any case, efforts will be made to offer comparable accommodations if a room change is beyond the control of a student and/or the Student Life and Housing staff.

Room Condition

Each resident of a room must complete, sign, and return a Room Condition Form (RCF) at the beginning of the school year, or at the time of moving into a new residence hall room, to document any problems with the condition of the room when it is initially occupied. Residents will be held responsible for any damage to their room that is found when they move out unless (a) it was noted on the RCF; (b) it is normal wear and tear; or (c) it is a maintenance problem that arose during the year that was properly reported. Rooms will be inspected at the end of the spring semester or whenever the room is vacated.
