<b>INDICATOR</b>	<b>DESCRIPTION AND HOW IT WAS CALCULATED</b>
Graduate Rate	In the institution’s 2013 freshman cohort 70 students selected the BSBA program. Of those 70 students, 34 graduated by August 2019, with 32 of them graduating with a business degree. The other two graduated from the institution, but with a degree in something other than business. Therefore, a 46% graduation rate was calculated for the 2013 business cohort.
Retention	There were 59 MBA 1st time graduate students in the fall of 2018. The number of students remaining (40) was divided by the total number of MBA first time from the Fall of 2018 (59) minus the four students from the 2018 cohort that had already graduated (40/55 = 73%). This resulted in a 73% retention rate.
